## Foreward

All hail, great ladies! brave laddies, hail! I come to answer thy pleasure; be't to help at football games, to promote interest for clubs and school activities, to calm the angry teacher, to help you on tests, or to help arouse school spirit. During my stay, I'll bring back such characters as Romeo and Juliet, Falstaff, Anthony and Cleopatra, Titania, and Julius Caesar. I want these people of the Shakespearean Age, to see the graet difference between them and you people of the "beat generation."

# DESERVING hONOR

To you, Mr. LeRoy Miller, we dedicate with love and appreciation this 1960 edition of the Superstition.

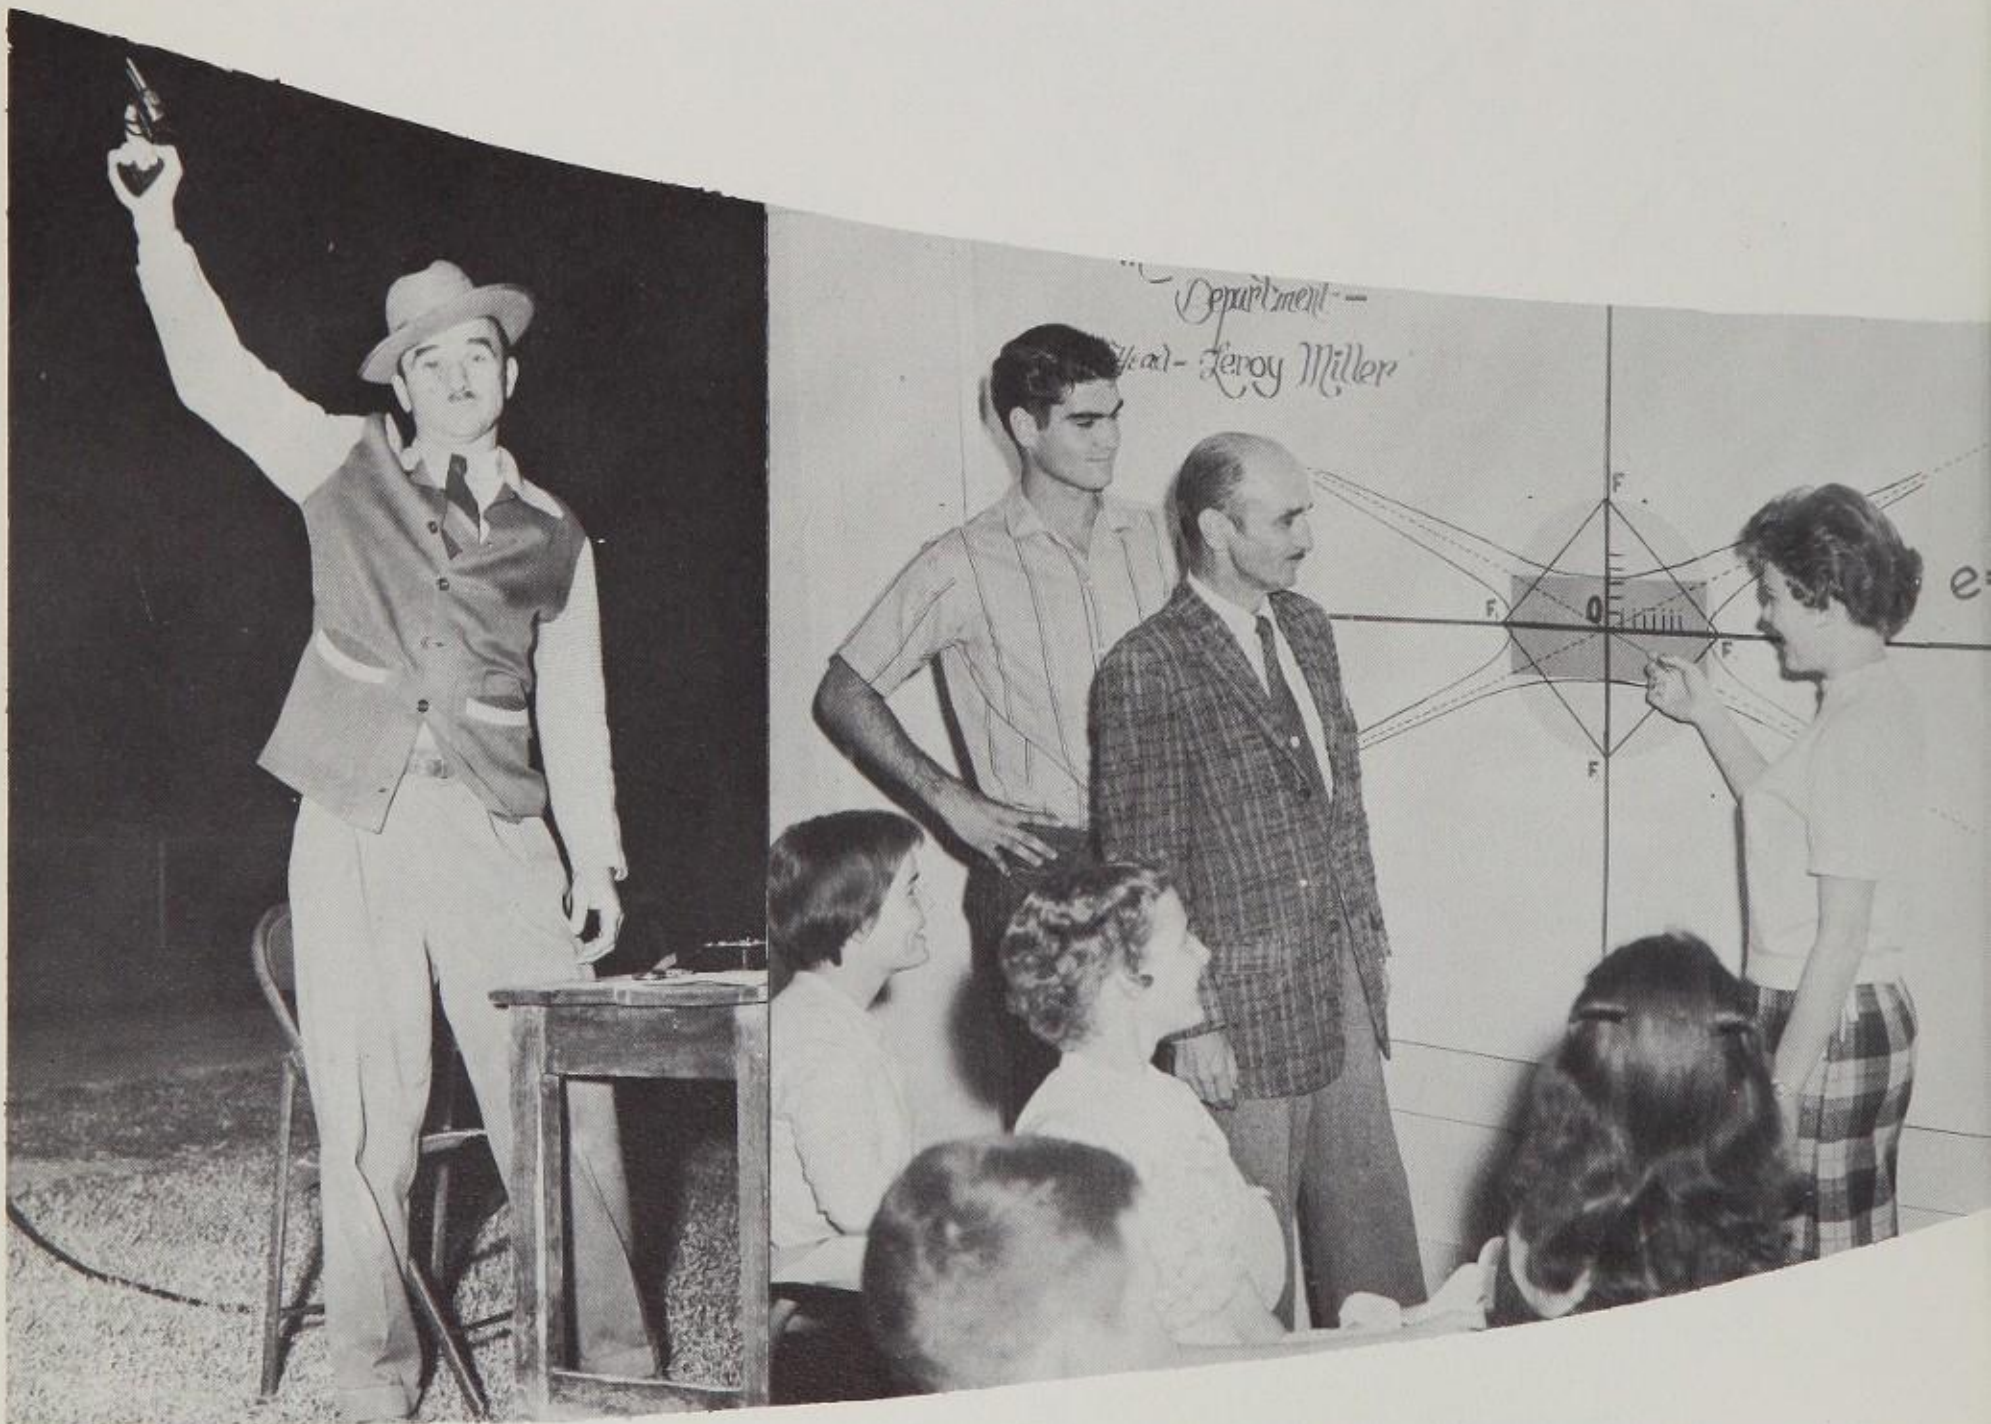

Since your arrival at Mesa High in 1947 you have taught math. Many times you have risen above and beyond the call of duty to counsel and encourage students who otherwise would have lost their interest in mathematics.

Your interest in the athletic program at Mesa High has been inspiring. You have given faithful service in per-

forming as official time keeper at all the football and basketball games.

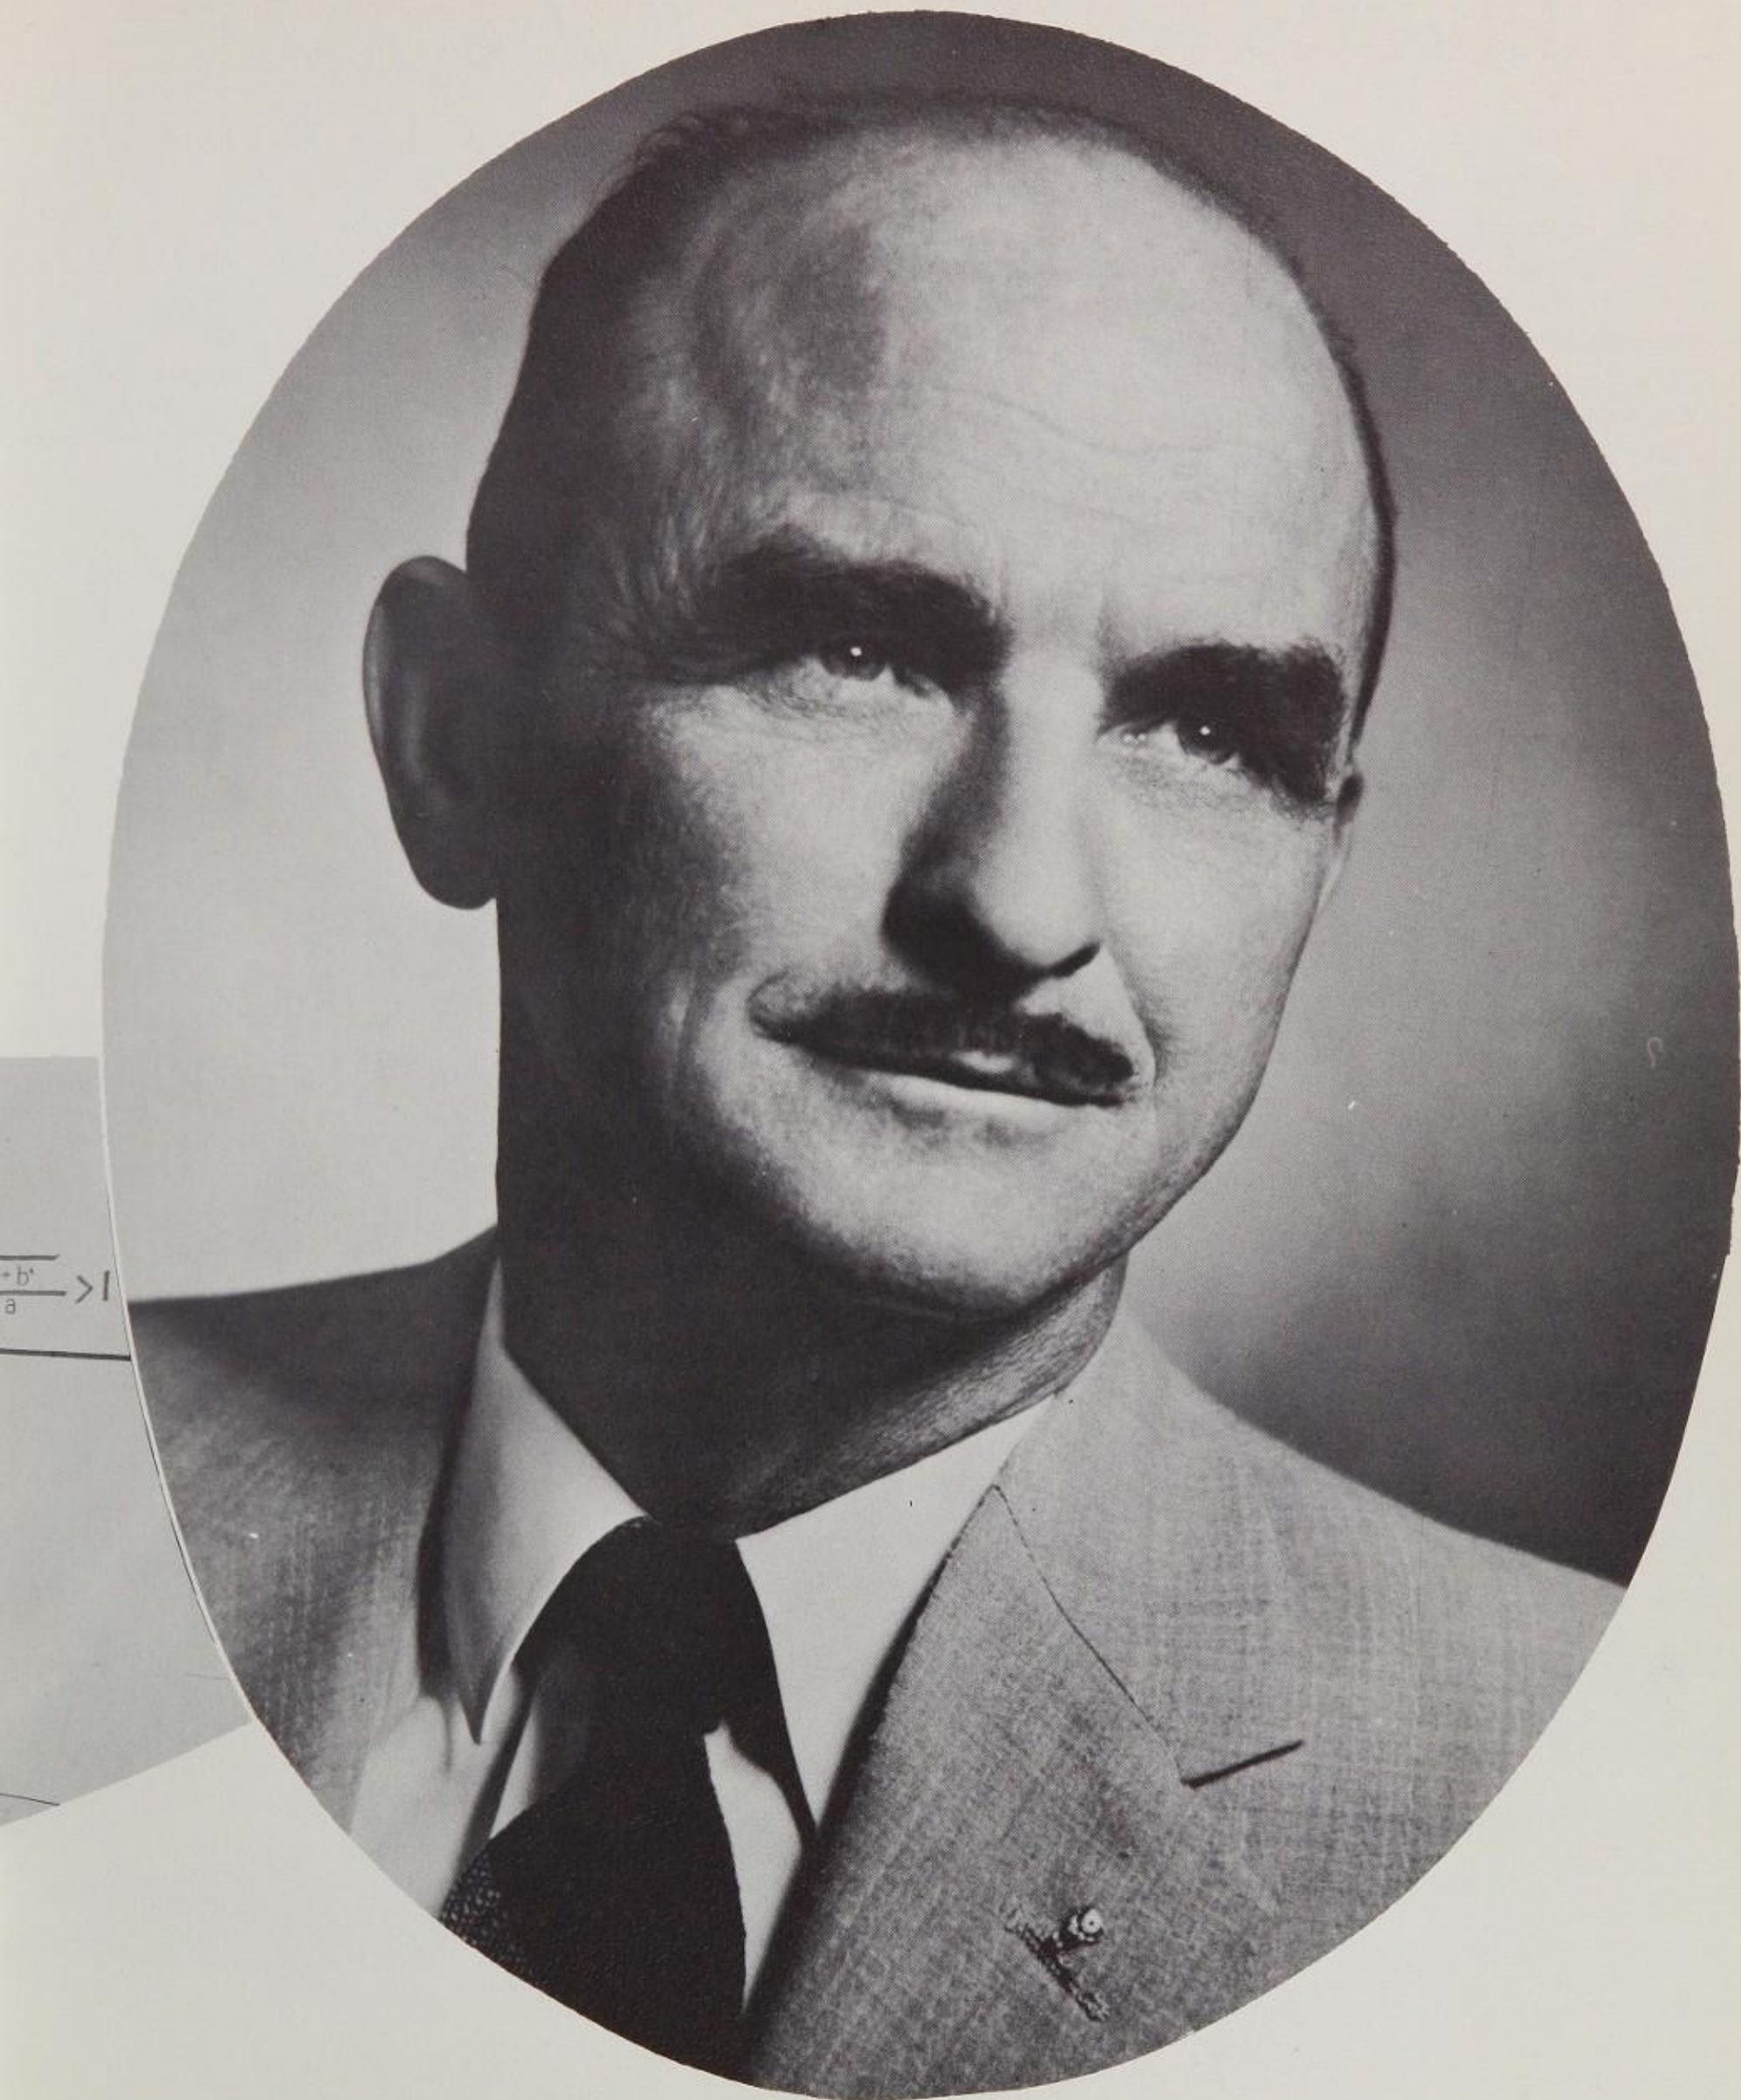

You have also served as Junior Class sponsor, as a member of the Sports Committee, and as originator and sponsor of the Chess Club.

Through personal illness and sorrow you have always been ready with your warm smile and spontaneous friendliness. So to you, Mr. Miller, our teacher and friend, we offer this token of our thanks.

Mr. Miller is always enthusiastic about whatever he does—firing the gun to signal the end of a game or explaining a problem concerning the hyperbole to his students.

MR. LE ROY MILLER

# Administration

That I do know, Puck has told to me; It's all been true, as I can see. The administration governs the school, and the students abide by the Golden Rule. The school board, superintendent and faculty extend helping hands so patiently. Directions are given to every student—he who wants and tries to be prudent. They head off the teaching and supervision; sponsoring games are another thing. They help students with great ambition and show them that school can be a fling. They hope not one student will ditch and hope they will work without a hitch.

Dear Juan,  
Just think  
where you stand  
to graduate seems  
possible. I have  
really enjoyed knowing  
you and associating with you.  
I hope you always go to the  
voice and things I  
always go to the  
you want to be a

I appreciate your putting up with

it was just as much a

the congratulations and

back to your college career.  
See you there.

# Noble Board

What I do know, Puck has told to me; It's all been true, as I can see. The administration governs the school, and the students abide by the Golden Rule. The school board, superintendent and faculty extend helping hands so patiently. Directions are given to every student—he who wants and tries to be prudent. ## Our Principal

**I**n the past three years as principal of Mesa High, Elias R. Brimhall has gained recognition for his wonderful leadership ability in bettering this school.

Mr. Brimhall takes an interest in every student, never hesitating to greet them with a friendly "Hello". He backs all activities and is ready to boost our school spirit. To promote our welfare, Mr. Brimhall helps solve problems that arise throughout the year, some of the biggest being the parking situation and overcrowded assemblies.

Looking back on our high school days, we will always remember him as a credit to our school.

# Active Aide

**M**r. Kilbourne, assistant principal, has a calm, friendly, and easy-to-get-along-with personality. He is Mr. Brimhall's right hand man, helping him with whatever work is necessary to make a smooth running school.

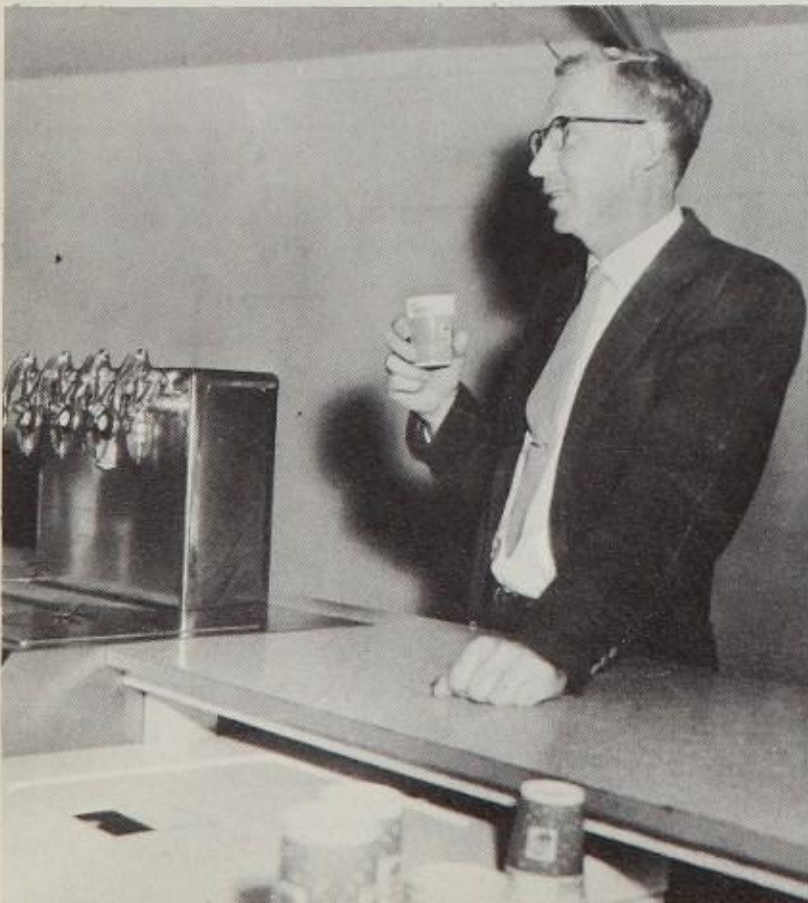

Four years ago, Mr. Kilbourne was a science teacher at Mesa High. Three years ago, he was a coach at East Junior High School. The after that he moved back to Mesa High where he again taught chemistry and biology. Last year he was registrar.

Mr. Kilbourne's chief duties are those concerning the students—their affairs, behavior, and discipline. He is also in charge of administering policies concerning athletics and extra curricular activities as well as being a student council sponsor.

# Fair Advisors

**T**his year the counselor's have combined forces with the nurse to form the Guidance Department. This is the first time in history, Mesa High has had a full time nurse and has employed three counselors ready to help with any problems or aches and pains of the students.

This system has bettered Mesa High because now each class has its own counselor, whereas in the past years, the class groups were divided with one counselor for the boys and one for the girls.

The Guidance Department consists of Mrs. Elson, counselor for the seniors; Mr. Glazier, counselor for the juniors; Mr. Kellis, counselor for the sophomores; and Mrs. Tully, the nurse.

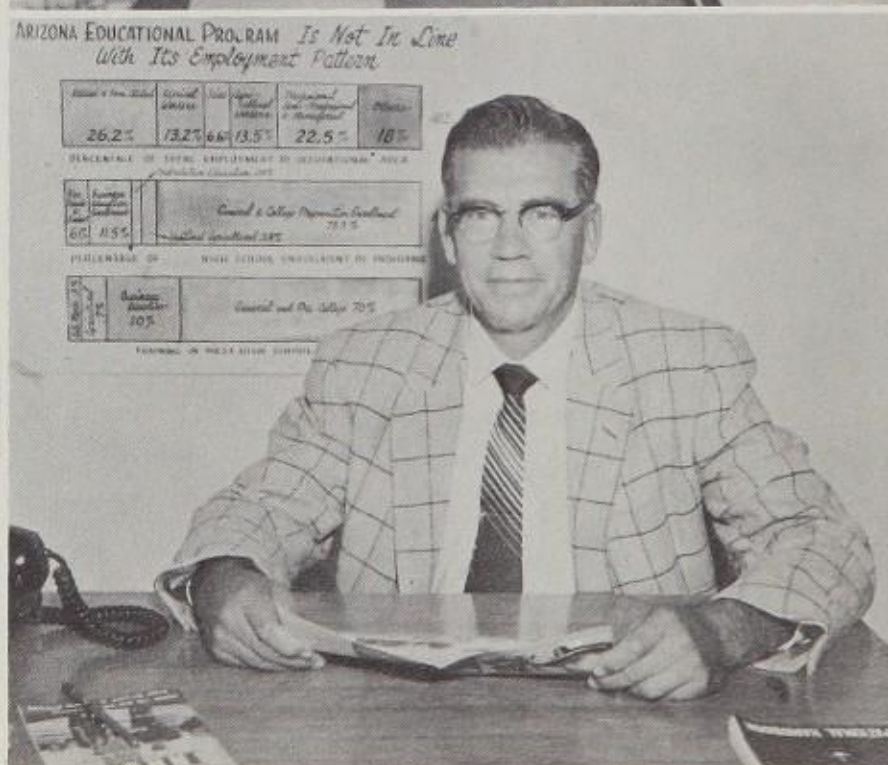

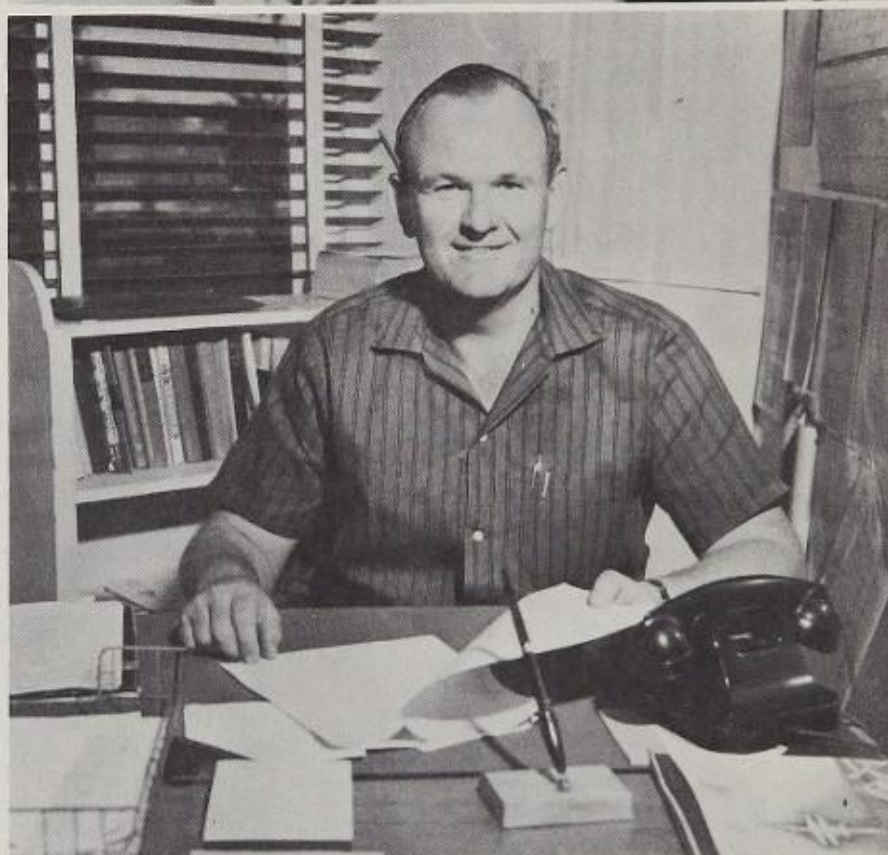

Also this year, Leroy Miller's old mathematics room was remodeled into a new nurse's office. It has four rooms: a waiting room, the nurse's office, and two rooms of beds, one for the boys and one for the girls. The office adjoining the nurse's waiting room is occupied by Mr. Glazier.

# Genial Staff

**I**t has been said, "'Tis my job . . . 'Tis no crime for a man to labour in his work." This certainly applies to the people who work in the offices of Mesa High school. Eula Harris, who operates the public address system and makes the bulletin, is secretary to Mr. Brimhall. Anita Chesley, who receives the phone calls, is private secretary to Mr. Kilbourne. She is always willing to help students who need information. Elizabeth Wirken is secretary of the counselors.

Melvin Sizemore heads the registration and attendance. Helping him with the attendance headache is Delia "Dee" Jaimes. "Dee" takes care of excuses and other attendance difficulties. Efficiently handling the duties of registration are Florence Mortensen and Lora Stewart.

Each period four students assist in the attendance office and every other period a student helps the registrar.

# Able Leaders

**T**he three student body officers—Dennis, Karen, and Joyce—have strived for better citizenship and have tried to promote democracy at Mesa High this year. They have been kept busy with their various duties.

They brought about a change in the constitution pertaining to the student body officers. With the increased enrollment, the duties of the secretary have become increasingly numerous. So they got the approval of the students to elect a fourth student body officer. Starting in 1960-61, two secretaries—a recording secretary and a corresponding secretary—will be chosen by the student body.

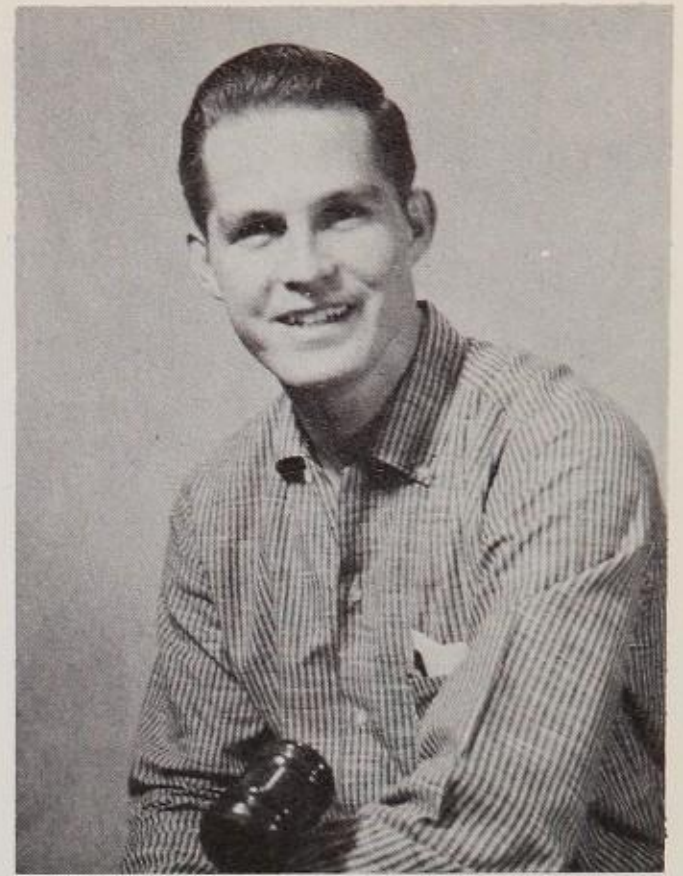

Once each month they have faithfully attended the meeting of the Student Body Presidents and Vice Presidents Association to discuss with the officers of other schools the problems of student government.

# Conscientious Council

**S**tudent Council, composed of 16 elected members, the foreign exchange student, and two sponsors, Mr. Kilborne and Mr. Sizemore, govern our school.

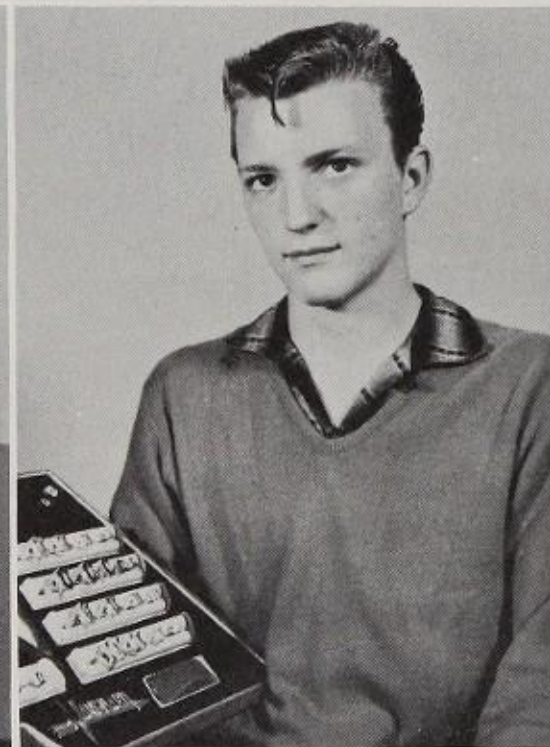

The student's welfare is their main interest. Each week a meeting is held at which different problems of the student body, and faculty, and the community are discussed.

These members of the Student Council have worked very hard to make Mesa High a better and outstanding school. Patiently they have listened to the complaints given to them and appreciated the few compliments which are given in return to them.

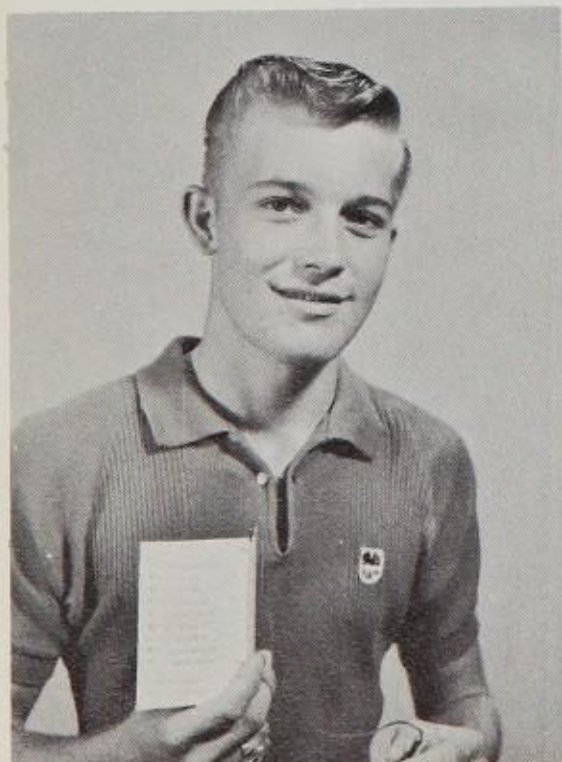

The annual state convention was held in Yuma this year. Here our officers met with other students and discussed different ideas and problems of their schools.

# Gay Girls

To help the girls get better acquainted, the Council sponsored the annual All Girls' Party in October, with the girls coming dressed as "Beatniks". This was the first on the list of activities of what proved to be a very successful year.

The outstanding event of the year was the traditional Co-Ed formal which brought an exciting climax to Twirp Week. On the first night of Twirp Week the most eligible bachelor of Mesa High was crowned.

In May the mothers were honored at the annual Mother-Daughter Tea. After being entertained by a fashion show, all of the girls and their mothers enjoyed refreshments out in the patio.

Elizabeth Humphrey, treasurer; Connie Glazier, vice president; Joy Childress, secretary; Suzanne Sato, president make plans for the mother-daughter tea.

# Bold Boys

One of the largest organizations on our campus is the Boys' League to which every boy belongs.

The Boys' League Council, consisting of the four officers and three representatives from each class, was elected to represent all the boys in the school.

On December 21 the Council put on the annual Christmas Formal, with the theme of "Alpine Christmas". The Council also helped sell concessions at the football games.

The purpose of the League is to help all boys adapt themselves to the social and economic society of Mesa High and to offord opportunity for training for leadership.

# Students

**A**s I look out from behind this curtain, there are some things of which I'm certain: The student was at first the infant, mewling and in the nurse's arms; And then the whining school-boy, with his satchel and shining morning face, creeping like snail unwillingly to school. He is a scholar, and a ripe and good one; Exceeding wise, fair-spoken, and persuading; Lofty and sour to them that loved him not, but to those men that sought him sweet as summer. He reads much; he is a great observer, and he looks quite through the deeds of men.

June,  
Nice to have you in

# Onward to New Horizons

**I**n that proud moment as we reach for our diplomas, during graduation exercise, the fun and excitement of the last three years will flash through our minds.

As sophomores we became acquainted with the many traditions of Mesa High School. We were well pleased in our junior year when the junior class placed first in the Gah-Tso Rally. As seniors we will remember senior days at the University of Arizona and the Arizona State University. The senior class parties, senior assembly, and the Junior-Senior Prom will stand out in our list of memories.

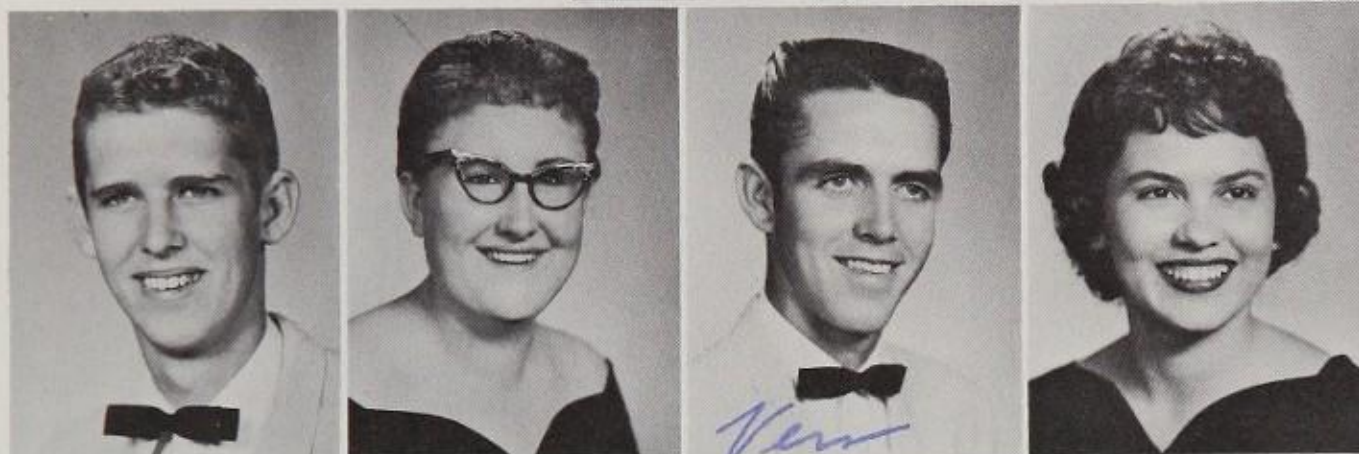

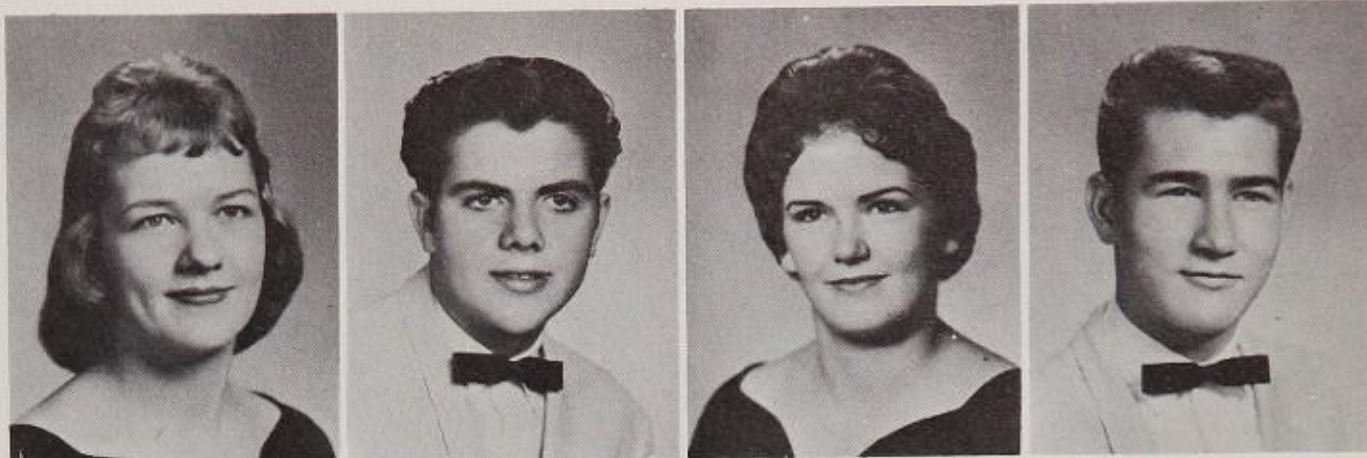

Our class officers were active in other school activities. Remember the Homecoming game and dance? Our class president was chosen king. Sandra Rushton represented Mesa at Arizona State University Senior Day. Nancy Koebecke was very active in the Teens Against Polio Campaign.

Now all that is left is the Farewell assembly and graduation. The friends we have made, the heartaches and the incidents of the last three years will all be memories as the years roll on. We have learned the real meaning of CARRY ON.

# One Golden Year Remains

**A**s the class of 1961, we look back on our junior year and find it full of wonderful memories.

We'll remember the unforgettable Junior-Senior Prom at which we were hosts, the exciting Gah-Tso Rally, the All Campus Party, at which the junior class was really proud of all her participants, and American his-

tory which was always a struggle.

All in all our junior year was full of moments to remember. Now we are ready to take the last step as the class of '61—up-holding the traditions of Mesa High and continuing to "Carry On."

# Sophomores Set Their Goals

**Y**ou, as the sophomore class of 1959-60, will long remember your first year at Mesa High School as being "chucked full" of interesting activities and events.

You showed your school spirit and enthusiasm in the pep assemblies, at the Gah-Tso rally, at the water carni-

val and all other school activities. You displayed the best talent of your class by presenting the "Sophie" assembly.

Even though your heads are now turned to the future, you can look back at your sophomore year as something wonderful and special.

*Georgia*  
Sophies add pep to the Gah-Tso Rally.

Big bunny wins first place in rally.

# Organizations

What have we here? Twenty-seven clubs  
On the campus where students find  
Friendship and belonging. Being in  
Any of these clubs give pupils the opportunity  
To learn and to develop leadership ability.  
In the different clubs, companions with  
Like interests may be found.  
There is a club for everyone, be it honorary,  
Service, athletic, activity or fine arts.  
Honor societies are made up of scholars  
Chosen for service, character,  
Scholastic standing and citizenship  
To better the school and community.

Dear June,

# Activities for Everyone

As the knights of old laid down their suits of shining armor to take part in a midsummer nights ball, so be it with the students of Mesa High who also relax by taking part in the extracurricular clubs of Mesa High.

This year Mesa High has 26 clubs which are provided to help students get a better knowledge of the things they are interested in.

Of these clubs several are provided for those who enjoy giving services; such as Hi-Y, Gold Key, Goodwill and

Service Council. Many of the other clubs are organized for those students interested in learning more about their selected vocations. A few of these are: Nightengals, Masque and Dagger, FTA, and Swing Club.

Honor clubs also play an important part in club life. Students are selected to join these clubs because of outstanding work in some field. Among these are National Honor, Quill and Scroll, and Gah-Tso. Athletic clubs select their members from the students who have showed outstanding work and interest in some field of athletics.

Brush and Palette sponsor a hamburger sale during lunch hour. The club carried out this project several times during the school year. Hamburgers were cooked by the members of the club.

Rockne Arnette and Jeff Noble take an active part in the Goodwill Car smash. The club raised money for the scholarship fund by charging ten cents a smash with a sledge hammer or three for twenty-five cents. The car was decorated with the school colors of Phoenix Union whom we played that night in football.

Members of Future Teachers of America are initiated in a candle lighting ceremony. The initiation was held in the school library one evening after school.

New members of Dance Club are initiated the hard way. Here they are shown cleaning the school seal with tooth brushes and rinsing it off with baby bottles full of water. Their makeup was put on by the old members.

Gah-Tso members help promote school spirit by decorating the goal posts before a football game. This is done before every home game. The posts are decorated in purple and gold crepe paper and the opposing team's school colors.

Once each semester a formal candle lighting ceremony is held. Old members help with the induction by lighting candles symbolic of the journalistic virtues.

# Curricular Activities

Perchance "a little learning  
Is a dangerous thing."

As you hear some people sing,  
But let ignorance talk as it will,  
Learning has its value.

Reading, writing, and 'rithmetic  
Are all important in what we do seek.

When you start to read a book,  
You may even learn to cook!

Whatever your field or goal may be,  
There is a class to further your learning.

There are classes for all—as you see.

Education's candle is still burning.

Whatever it be, whatever your desire,

Remember: education will never tire!

# Wise Ones

For the third straight year accelerated classes have been given at Mesa High to challenge the superior students.

English, American history, American problems, biology, chemistry, and physics are courses offered for students' choice. These classes have been highly successful and students who excel in these courses enjoy going along faster.

Only students recommended by teachers are allowed to enter these classes. The students should be willing and their parents must agree that it is all right for the students to take these double A courses.

To stay in these accelerated classes, the students must maintain a high grade average and be able to carry the extra load of harder work and more homework.

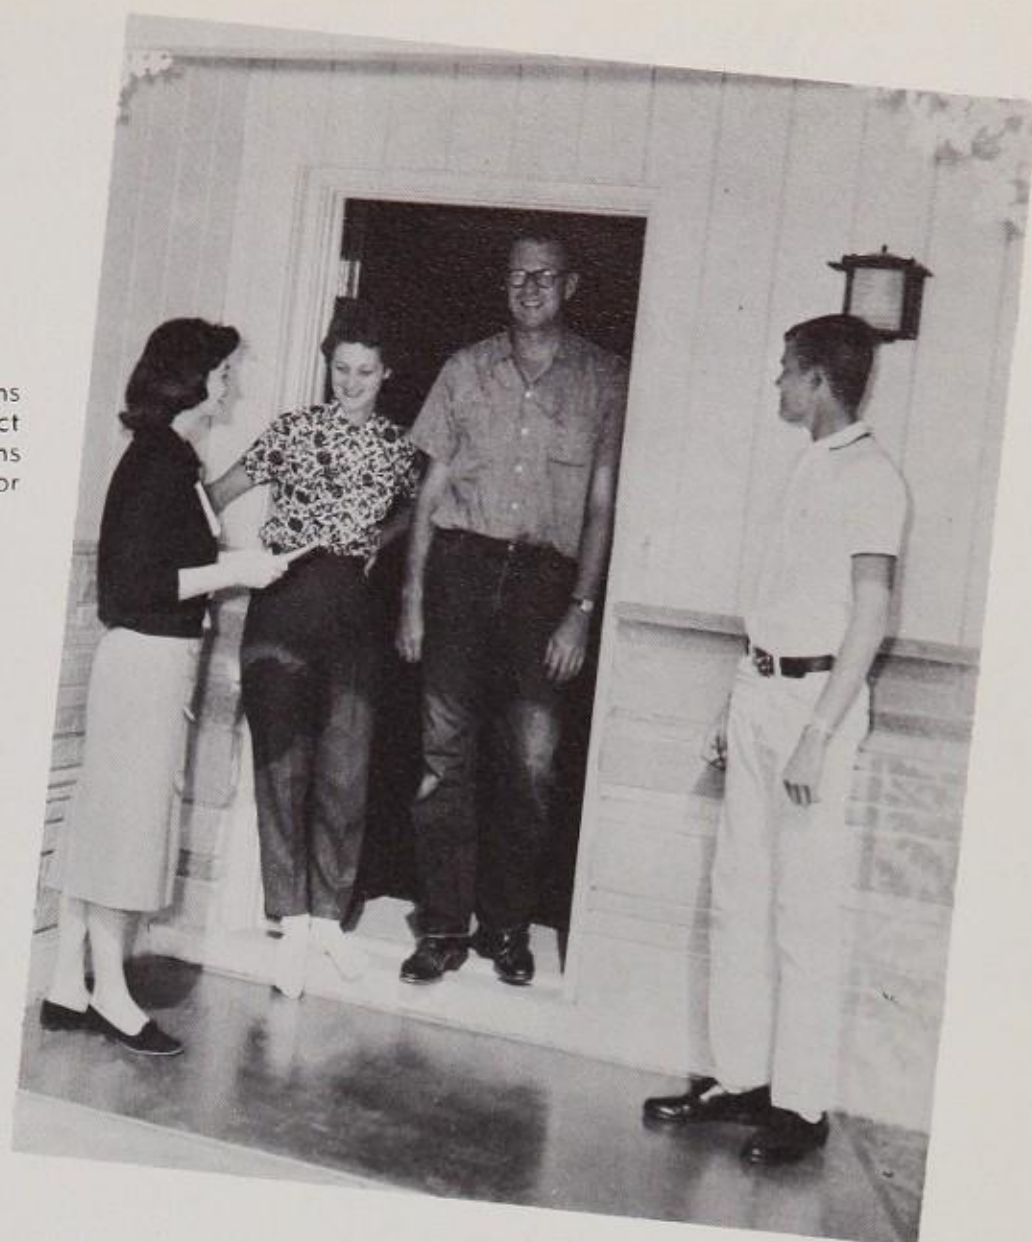

Diane Coe explains the principles of titration to the accelerated chemistry class while Mr. Miller stands by to lend technical assistance.

Buff Humphrey and Dennis Chapman, members of Mrs. Heywood's accelerated English research class, receive help in proper library procedures from Mrs. Heywood and Mrs. Mabel Macdonald, librarian.

As a project of Mr. Pomeroy's accelerated American problems class, Earline Campbell, left, and Wayne Benesch, right, conduct an opinion poll about the government. Answering the questions of the poll are Mr. and Mrs. Bob Rush. Mr. Rush is a pitcher for the Milwaukee Braves.

Mrs. Shouse points out the heart in the plastic human model to Duane Wiseman during an accelerated biology class. Biology was first offered on an accelerated level during the 1957-1958 school year.

# Bring Me To The Test

**M**ore than half of the available courses at Mesa High are academic courses which have rightfully gained the nickname of "college preparatory courses."

The curriculum studied varies from the study of waves to the study of the constitution, from the atomic theory to the study of the early civilizations, from the study of language arts to the study of the problems of "going steady."

In science courses, students learn the complicated rules behind physics, chemistry, and biology

Mathematics courses include trigonometry, introduc-

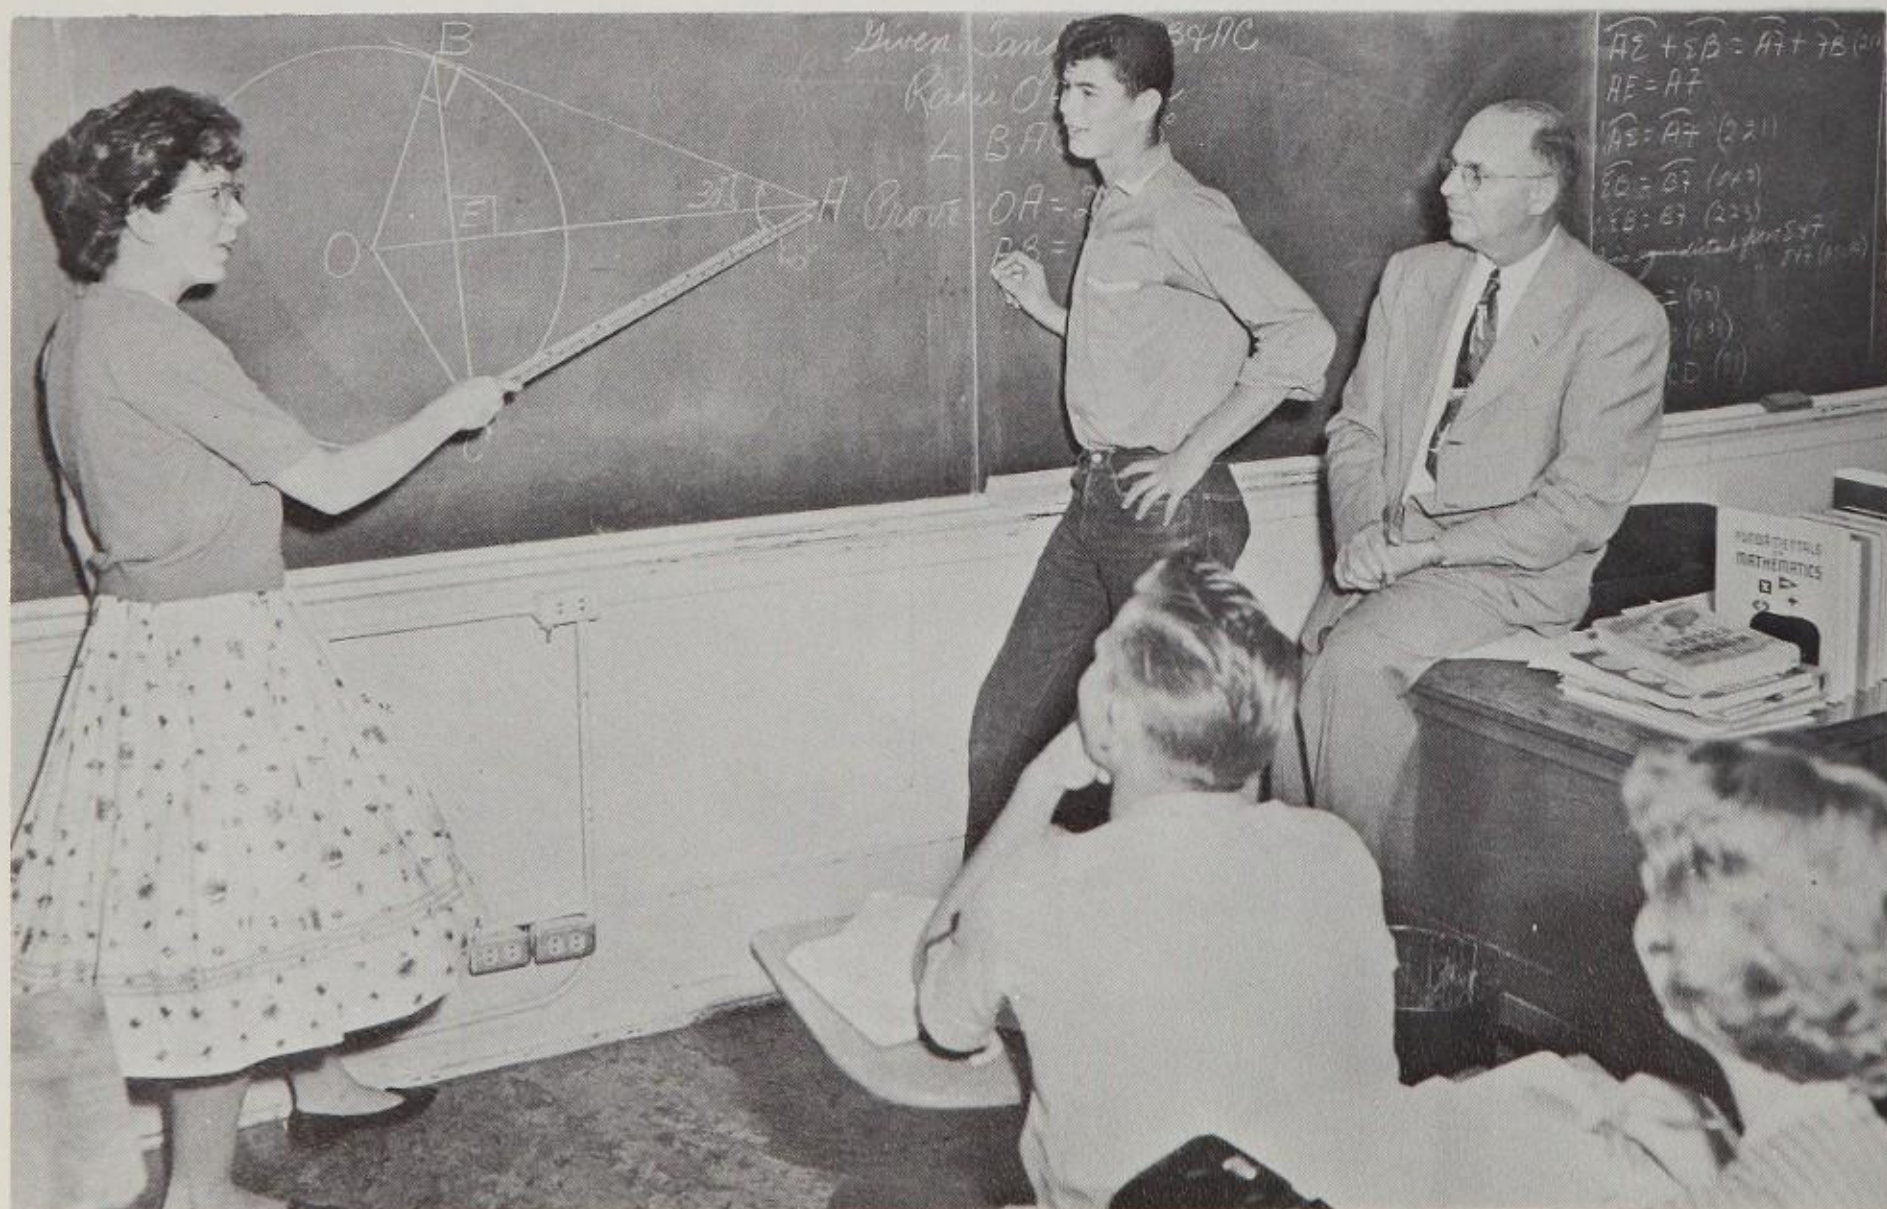

tion to college math, geometry, algebra, and second year algebra.

In social studies, problems are pondered concerning American history, American problems, drivers' training, world history, and "getting along with others."

English is accomplished through several grammar and composition classes and through many literature classes.

A new course, German, has been added to the foreign language roster. German joins her sister subjects Spanish and French.

Peggy Kilbourne points out the "A" angle as Kelly Kaesler states the problem on the board in Mr. Slaght's geometry class.

Leland Vance points out the spot on the globe where the early Egyptian civilizations began. Patty Brooks takes notes as Mr. Hatch's sophomore social studies class listen to the discussion.

Mary Brown indicates the "panhandle region" on the United States map and tells of its importance to Mr. Phalen's American history class. Geraldine Brady and Mr. Phalen look on.

Connie Glazier gets help from Keith Marton on how to write "color day" in German for her classmates in Miss Sondern's German II class. This has been the first year that German has been offered to Mesa High students.

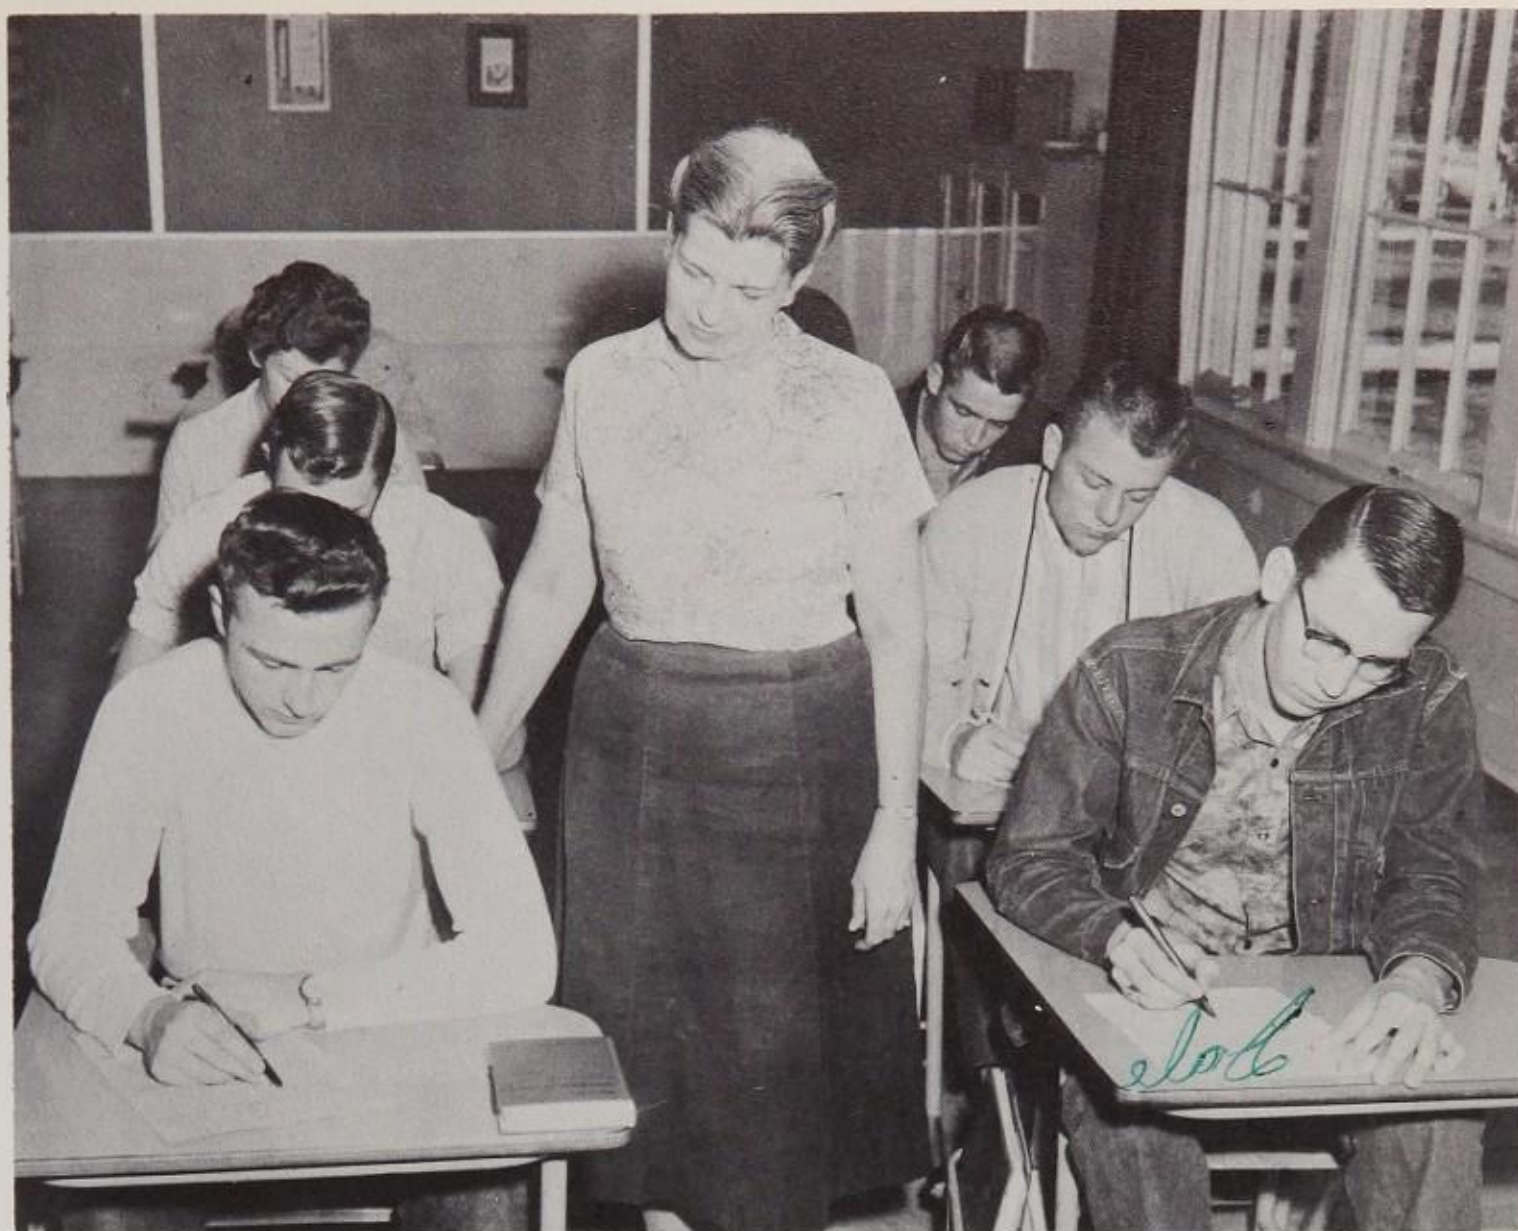

O'Lena Nelson directs a discussion on South America in Mr. Shipley's second year Spanish class. Mr. Shipley stands by to answer additional questions

Jerry Smith tells a joke in French to the enjoyment of Mr. Oranttia and his second year French class.

Kenny Thompson, Dale Hall, and other members of Mrs. Taylor's senior grammar class take sample college entrance exams as Mrs. Taylor checks on Kenny's progress.

Roger Patton diagrams a sentence under the watchful eye of Miss Freseman, instructor of this sophomore English class, while Annoroi Runzo looks on.

Susy Kiander is at the wheel while Jayne Stradling and Mr. Jackson, teacher, prepare to take off for another lesson in Driver's Training

# Practical Use

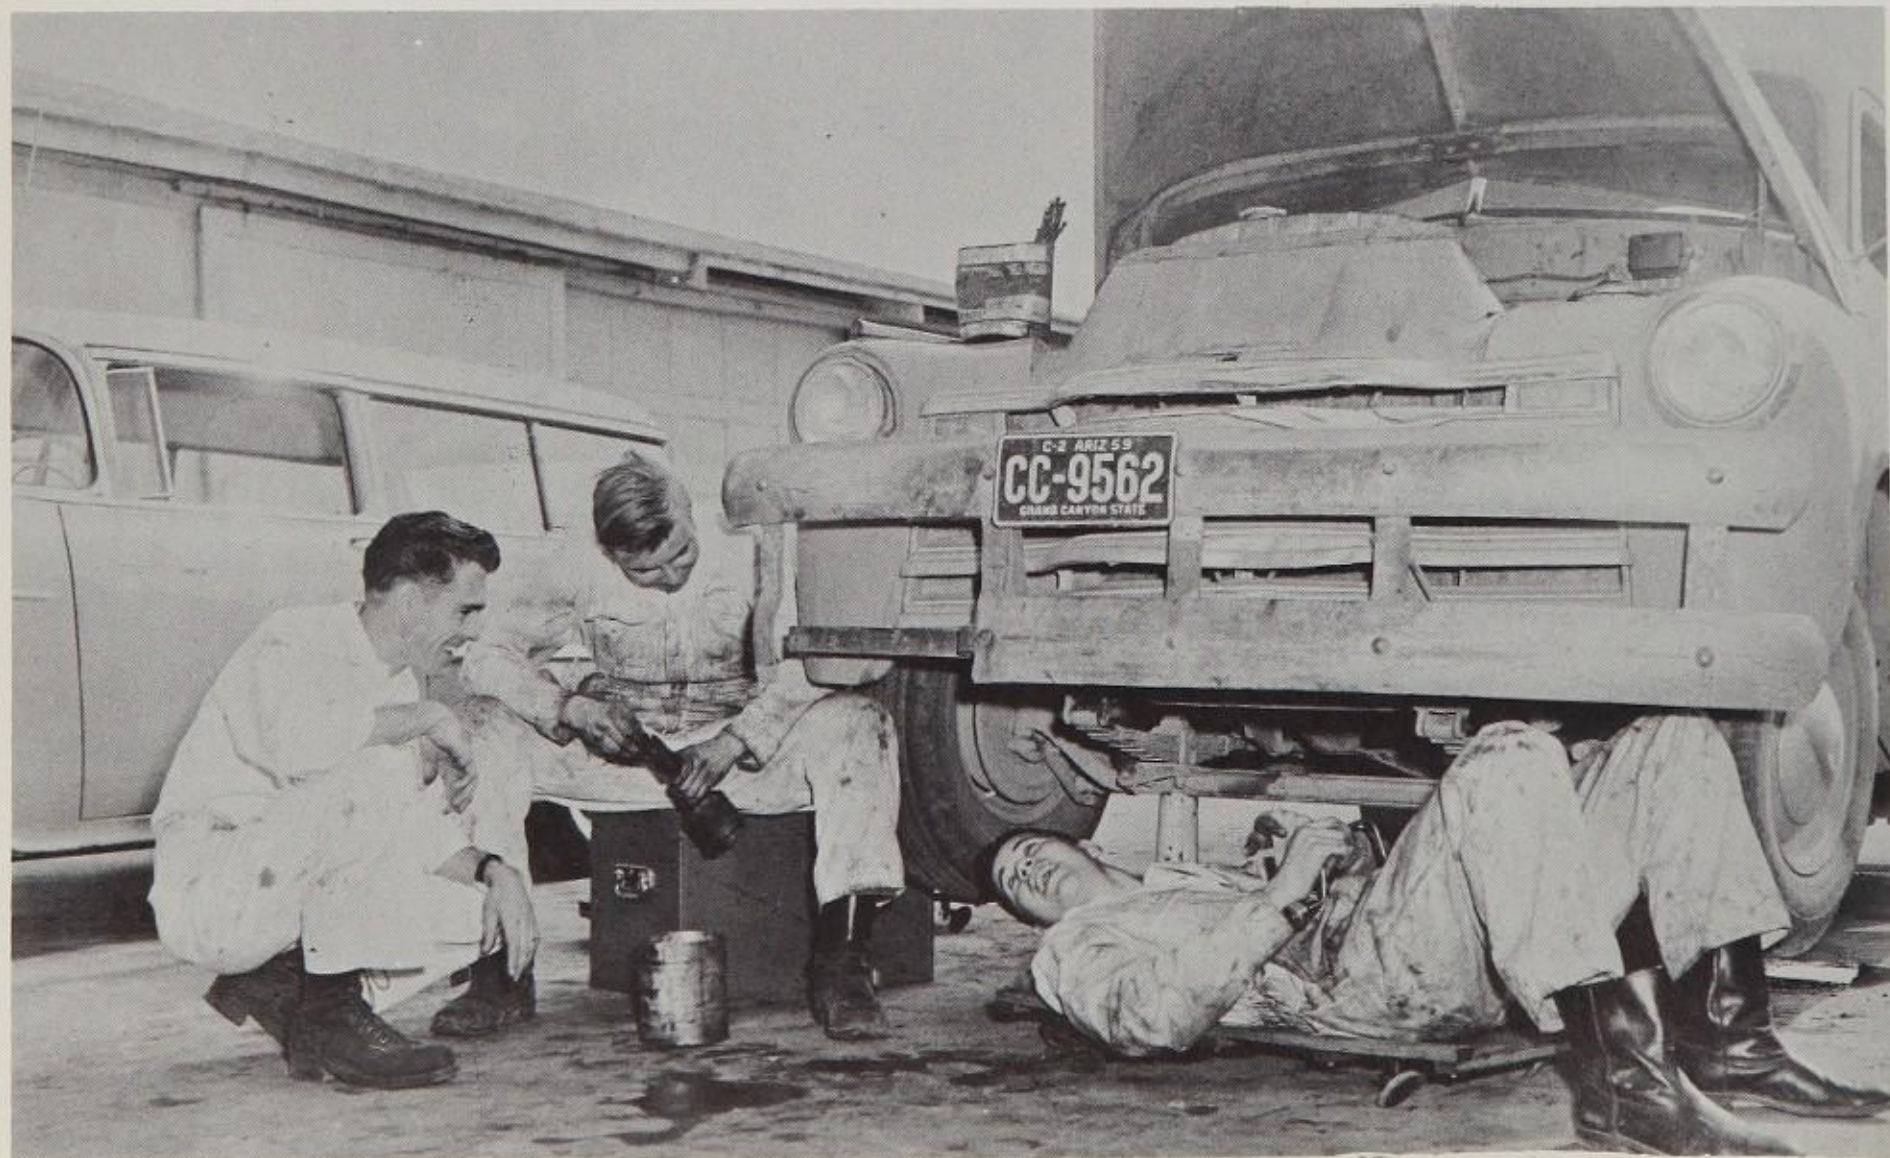

**D**esigned to give practical experience and to acquaint the student with "life after high school," the vocational classes are many and varied.

Typical of the type of courses offered to students on the vocational level is home and family, a course in which the problems of dating, courtship, and marriage are discussed. Sister subject to home and family is psychology.

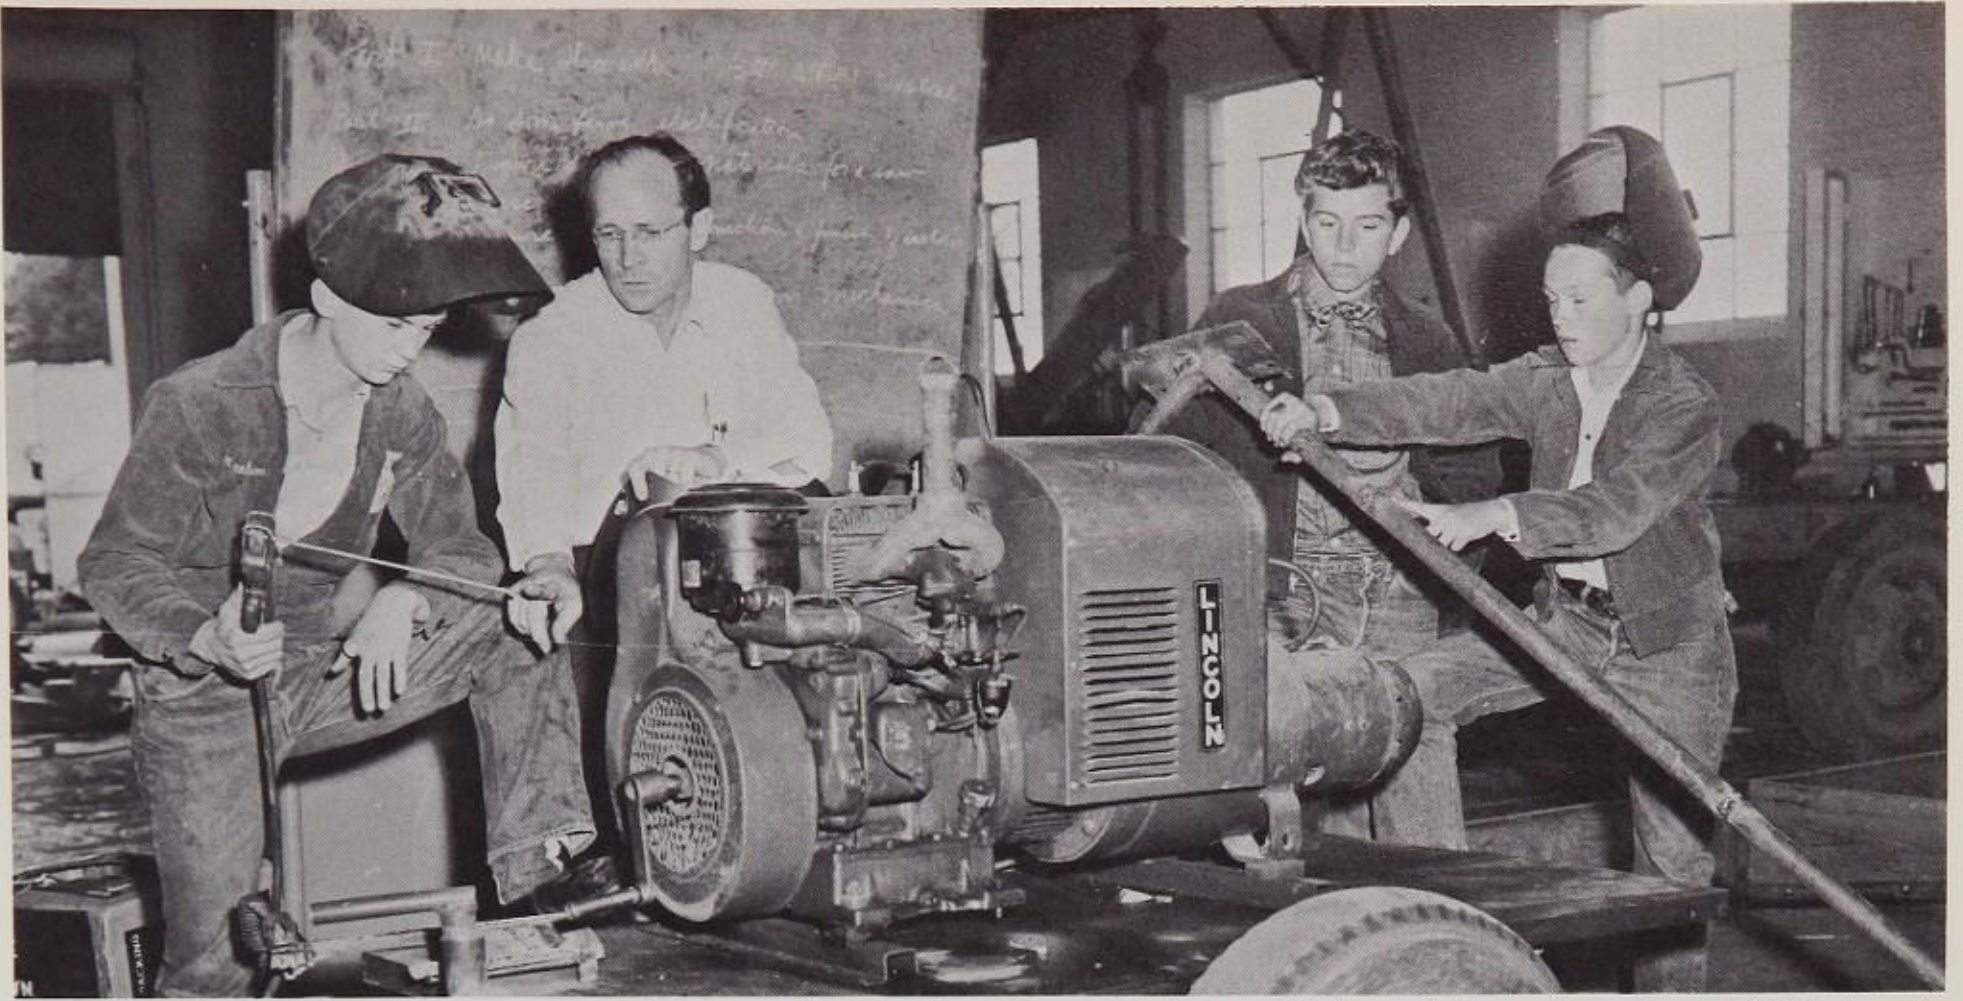

The commercial subjects such as shorthand, typing, office machines, and bookkeeping are the specialty of the girls, although some boys are enrolled every year. Sewing, cooking, and child guidance courses also keep the gals busy.

The boys seem to favor auto mechanics, woodworking, physical education, vocational agriculture, drafting, and other classes of the same caliber.

Bill Loumaster adjusts a piston while Mr. Gillaspay looks on during an auto mechanics class. Bob Canady is working under the car.

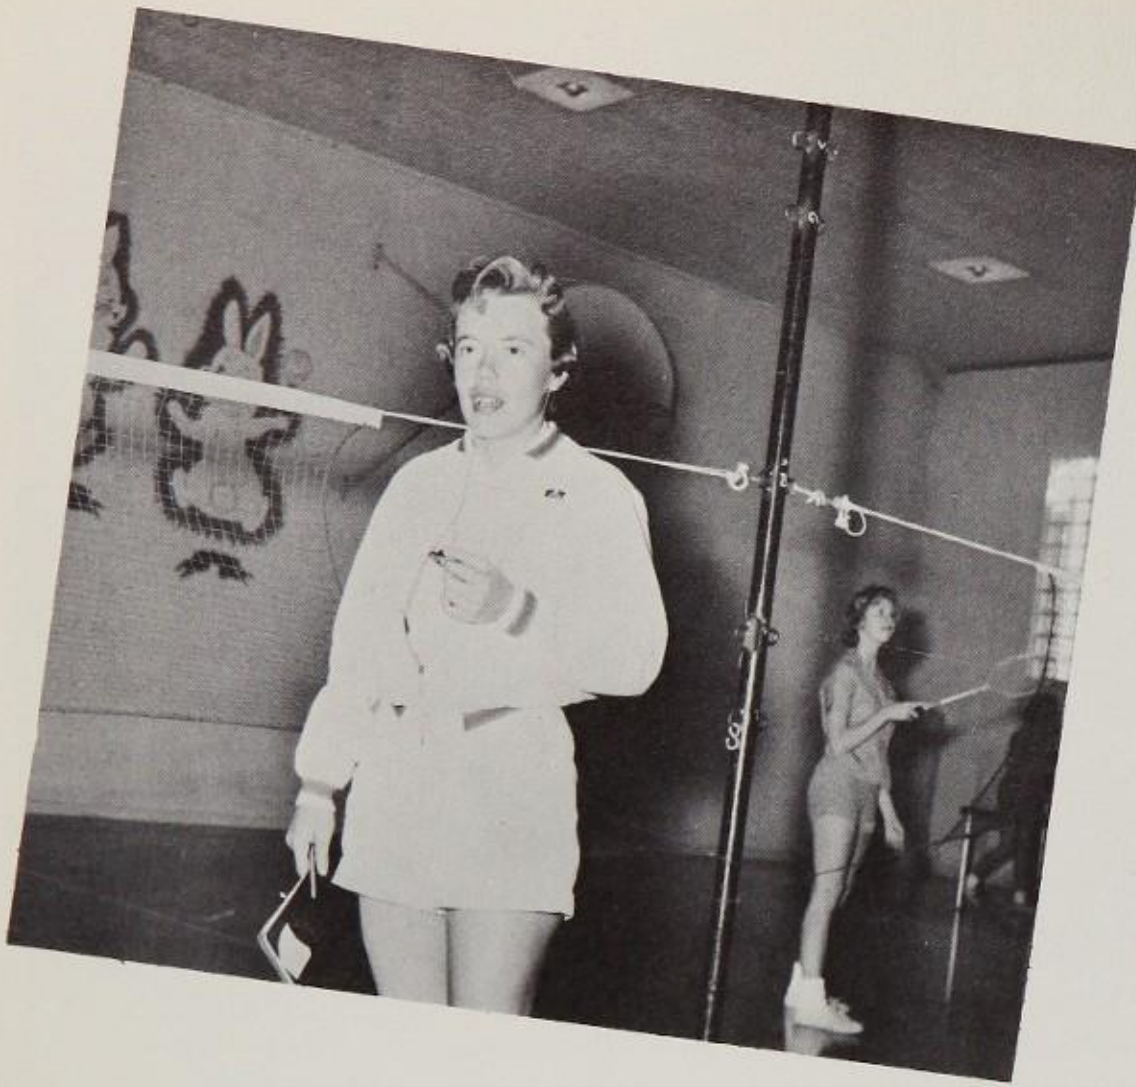

Duncan Graham makes a weld on a tractor under the watchful eye of Mr. Gray while Lenny Melcher and George Lang inspect finished welds during a vocational agriculture class.

Gary Cummand, right, uses the roter to carve initials in wood as Michael Dearborn and Barry Stork demonstrate other phases of woodworking while Mr. Schlarbaum looks on.

Miss Shields directs a badminton game during a regular girls' physical education class. In class the girls also compete intermurally in softball, volleyball, badminton, ping-pong, dancing (both folk and modern dancing), and archery. The students also learn the basic Rabbette steps in order to be prepared to try out for the Rabbettes in the spring.

Lois Jeffrey, Robert Charles, and Trella Smith form a round table to discuss some of the problems of dating in Mr. Bradshaw's home and family class.

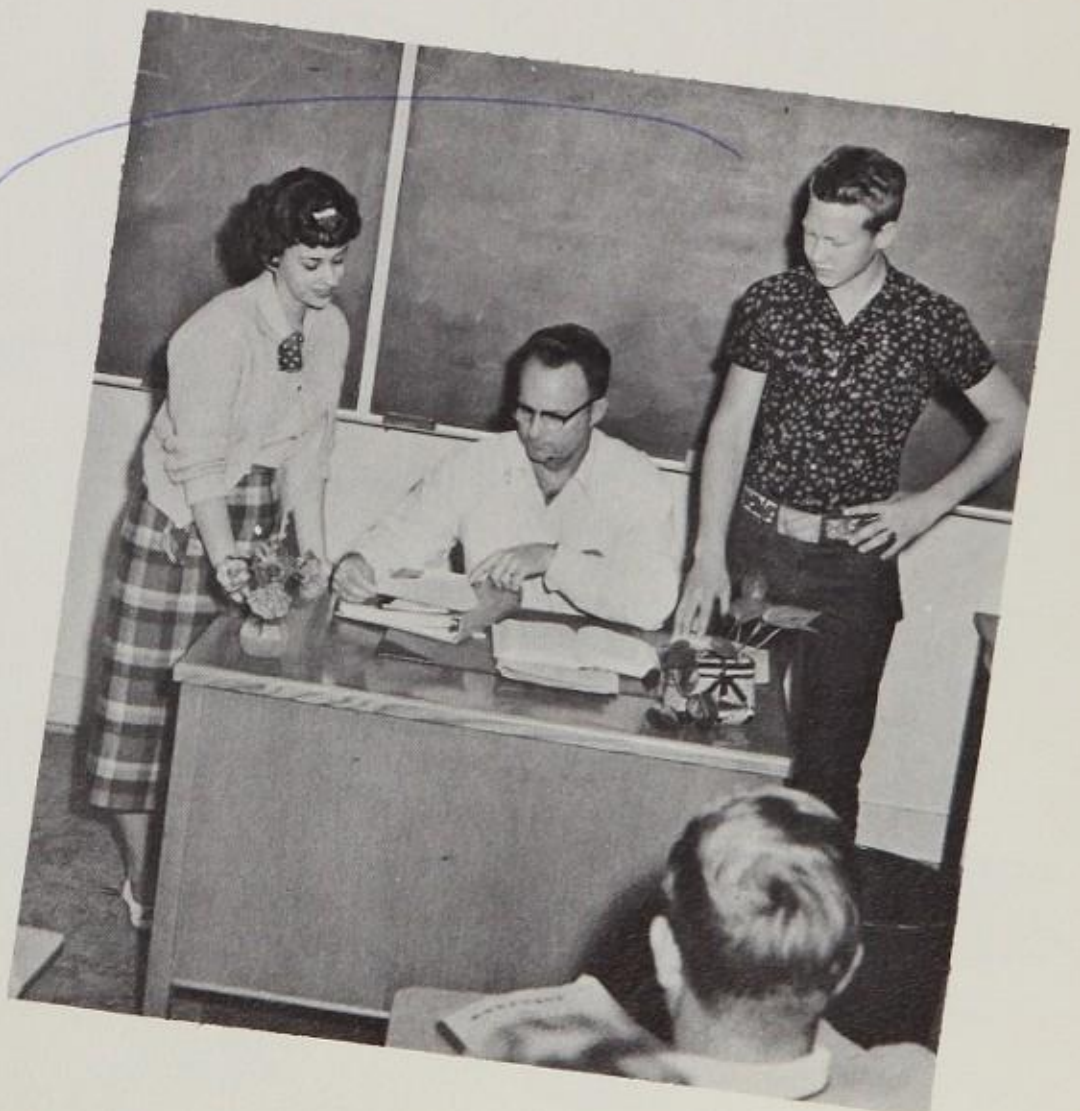

Ray Matheson points out the importance of appearance in connection with your job to Miss Menard's salesmanship class.

Commercial law is designed to give students an opportunity to acquire a knowledge of the basic, common, and statutory laws which govern business and with which each student will eventually come in contact. Kelly Curtis and Kay Harbourt discuss their rests with Mr. Alldredge,

# Fine Arts

**M**any people work together with constant determination,  
They are skillful, with a desire to work, and with imagination.

It takes long hours of efforts good  
To have Fine Arts come out as it should.  
The Rabbettes who drill with great endurance,  
Exercise precision to put on a good performance.  
Members of band, A Cappella, and Bunnies  
Rehearse for perfection for shows in assemblies.  
Watch the actors appearing on stage  
They serve as entertainment and education.  
The editors who work and slave in their cage  
Later thrill at the finished publication.  
Fine Arts require some work, aye, a bit—  
It's what we make it; so be it.

*Great things we  
don't always get along with.  
I want to wish all the  
luck and happiness to one  
of the cutest and sweetest girls  
I know. Be good

*It has been nice to know a seed-  
ling like you. Had had in you  
in my class. I don't forget when

you do. And only the best for  
you. Always stay as

the  
Ghost

Dear June,  
This year has really been a wonderful  
one for us, hasn't it?  
A Cappella has been especially wonderful.  
Your solo at Christmas  
Evens was beautiful.

And our concert?  
I'll never forget that!  
It was so much fun,  
and your numbers were  
all so well done!

"Gubale's Lure"  
fascinates me.

I'll never forget  
our trip to and from  
Hudson. Have you  
ever in your whole  
life eaten so much?

I'm so glad that  
you got the A Cappella  
award.

Hamlet

Best of luck at  
the U of A, and in all  
you do.

God bless you  
always.

Love ya!

# Merry Staff

**T**his is your Superstition—the last one for the class of 1960, a book which will be cherished by the students for many years to come.

Through the determination of Mary Heiman, editor; G. T. Young, advisor; and some 70 journalists, the Shakespeare annual has achieved its goal—the biggest yearbook for Mesa High. Countless hours of individual work on the part of the staff helped achieve this goal.

Now it is finished. The pencils have stopped flying, pictures have all been pasted, and the presses have quit rolling. The book is now yours, students. For the staff it has been a job well done. "All's Well That Ends Well."

# I'll Tell The World

Mesa High's newspaper, the Jackrabbit, was published every two weeks during the school year, and served to acquaint the student body with the many school activities.

Through the unlimited effort of Claudia Chapman, first semester editor, and Virginia Anderson, second semester editor, the paper was received by the student body every other Wednesday.

Copy for the four-page publication is written by the students of journalism I and journalism II.

There are several special issues, consisting of eight pages: such as, the first issue, the Christmas issue and senior issue honoring the graduating class.

This year G. T. Young was the sponsor and advisor of the two Jackrabbits staffs.

# For Bettering Of My Mind

**T**wo exceptional issues of El Conejo, Mesa High's literary magazine, came out in December and April this year. The issues were printed under the supervision of the new sponsor, Mrs. Mary Reid, with Judy Mumford, first semester editor, and Lou Goodrum and Arlene LeSueur, second semester co-editors.

The themes, "Fantasyland" and "Roman Empire," used

respectively, were carried out very well in the cover and art work.

Griffen Stephensen silk-screened both covers and Mickey Portillo did the printing. The students' stories, themes, essays, and poems were contributed by the students of many English classes and the staff compiled and edited the most outstanding articles.

## Beauty In Art

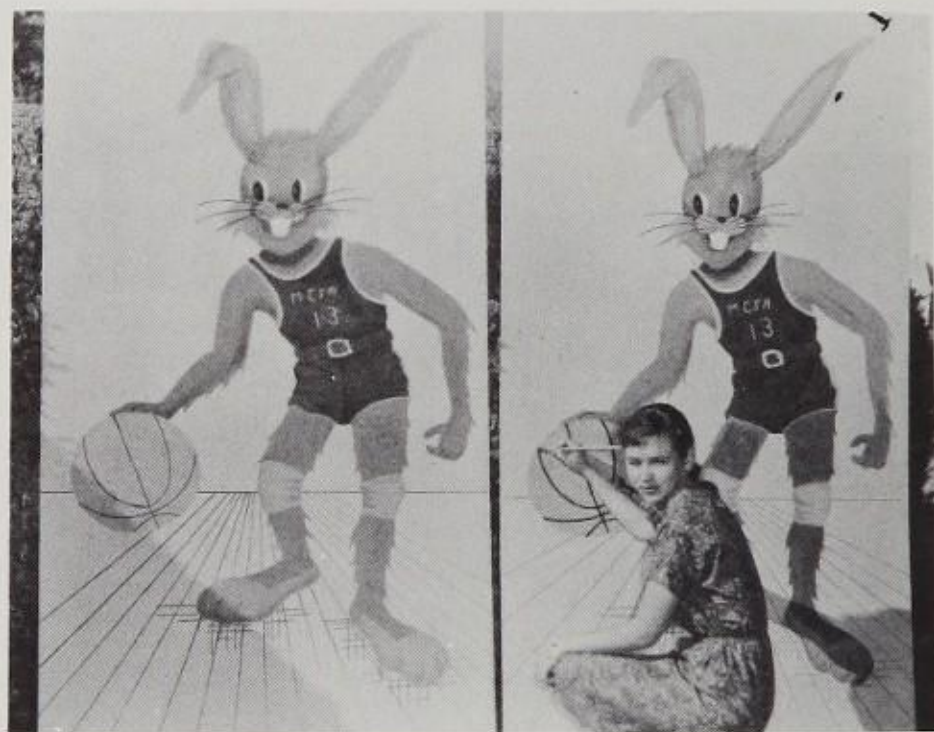

**A**rt helps make Mesa High the beautiful school that it is. Mr. Griffin Stephenson and his art classes are always willing to help, improving the school with their bits of color and dabs of gaiety.

You will remember the Jackrabbits who faithfully watched all home basketball games from their position on the wall of the Inter-Stake Center. These pictures were painted by artist Gloria Jaques.

The Christmas scene in front of the library as well as wreaths and other decorations of both interior and exterior of the buildings were made by the art classes. They also design the covers for the El Conejo and the programs for school plays and the Vesper Service.

Library bulletin boards bear the fruits of artistic labor in some of the arrangements and the material upon them. Posters for the Christmas Formal and other school events were furnished by the art students.

Mesa High art classes also serve the community by furnishing decorations for the Elks Charity Ball, the Garden Club and the Desert Club.

# Rabbettes

**B**oy, do my feet hurt." This was the comment of the Mesa High School Rabbettes as they practiced, practiced, practiced for parades, football games and the like.

But after all the hard work was over and the shows had that "polished look", the Rabbettes could sit back and be proud of their fine work.

# I Will Move Stones

The school year '59-'60 brought a restoration of tradition by adding a boy cheerleader to assist the five girls.

These six "pepsters" lead the school cheering at all

athletic events and pep assemblies.

Added to the girls traditional wardrobe of bright gold shortie can-cans and full sleeved tops under purple jumpers, are white bulky knit, boat-necked sweaters with short purple wool pleated skirts.

# Like The Spirit Of Youth

Working hard through their third year, the "Little Bunnies" have performed in assemblies, at football, basketball, and baseball games and attended the state fair.

The Bunnies show their enthusiasm at the football games.

This group of girls has spent many hours in practicing to achieve perfection in many of the clever and original dances they do.

The basic Bunny costume is a white corduroy suit with long sleeves and a pink powder puff tail and long white and pink ears. Pink gloves go along with the outfit. They have different accessories that are used for variety, shown above are the Scottish, Sailor, and Top Hat and Canes.

This year the girls put on their own assembly and ap-

This group was selected for ability to do modern movements and pick up dance steps quickly.

# Minstrels

Mesa's Jackrabbit Band, under the direction of Linwood Noble had a very wonderful year and played with outstanding ability.

This year they performed at all football and basketball games and marched in the Miniature Parade. Many new halftime shows were featured at the football games. One show entitled "Jack and Jill" won the fancy of the audience and had to be repeated three times.

In the spring they presented their annual concert and the following morning presented it to the students in the annual band assembly.

To wrap-up the year, junior and sophomore members played at the graduation ceremonies.

Judy and Fluffy enjoy a visit from their boy friends as Mom and Dad are being served lemonade in the background.

Mass confusion reigns supreme in the home of Junior Miss on New Years Day.

# Junior Miss

Comedy was the basic theme for the first school play, "Junior Miss", directed by Mrs. Claudia Buttington, head of the drama department.

The three-act play written by Jerome Chodorov concerns the life of a mixed-up teenager who tries to play cupid. She causes her father's loss of job, and her sister's boy friends are thrown out of the house.

Nikka Reinhart headed the cast along with Vicki Cook, Charlie Bradshaw and Diana Briscoe. The rest of the cast numbered thirteen.

Judy tries to put her "yogi" to work as her daffy friend, Fluffy, looks on.

**Seated:** Pat Tarpey, Charles Beals, Diana Brisco, Jerriane Ray, Shirley Masterson, Mrs. Buffington, Sandy Hatfield, Carol Peterson, Cathy Grant, Fred Dolifka. **Back Row:** Darel Layton, Charlie Bradshaw, Gerald Dana, Mike Geyer, David Handsck, Kenny Thompson, Nikka Reinhart, Vicki Cook, Nancy Culvert, David Hancock.

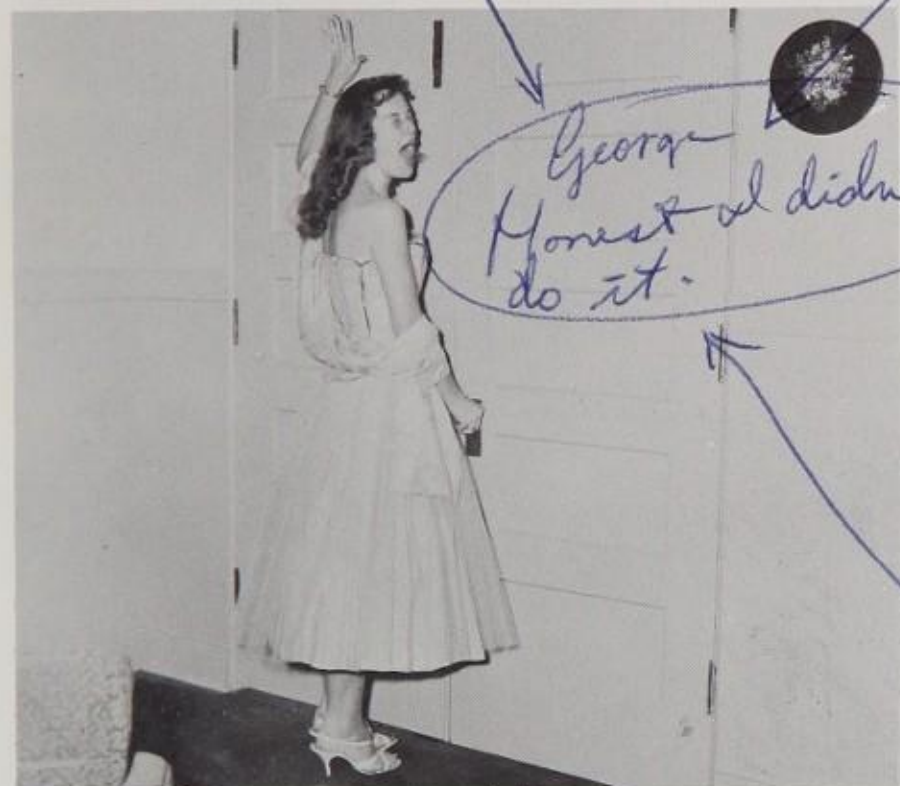

Seeking to escape reality and the voice on the radio, Mrs. Margaret Chisholm (Eleanor Glazier) commits suicide by drinking a poisoned cocktail, while the others look on in terror.

Hawkins, the butler, (Jeff Krummenacher) serves cocktails to the guests of an unknown host in a penthouse on the nineteenth floor of an apartment building.

Sylvia Inglesby (Sue Burns) is electrocuted as she clenches the door handle while trying to escape from the penthouse.

## Ninth Guest

All who saw it will remember the blood chilling murder mystery presented on April 20 in our own high school auditorium. If you were there, you were sitting on the edge of your seat during the whole play.

Do you remember how petrified the eight guests were after hearing over the radio, from the ninth guest, that each would die by his own hand before morning?

Then they found out they were trapped, from the rest of the world, on the top story of a building and that each person was a potential enemy of every other one.

Weren't you relieved when they finally found out who the murderer was?

The cast and the production staff, along with Mrs. Buffington, pause from play practice for a much deserved rest.

**Front Row:** Jim Dugger, Nikka Reinhart, Claudia Buffington. **Back Row:** Charles Beal, Sherwood Glazier, James Williams, George Murdock, Sue Burns, Janelle Ray, David Hancock, Gerald Dana and Joe Waters.

Jeff Noble, Rockne Arnett and Russell Phelps bring back old memories in swing club assembly.

# Happy Hour

The assemblies at Mesa High have long been a tradition and played an important role in the lives of all the students. The assemblies were under the direction of an assembly committee headed by the fine arts commissioner.

All of the assemblies deserve to be noted, but there are a few which deserve outstanding recognition. The special programs at Christmas and Thanksgiving, the Traditions and Farewell assemblies, were prepared and presented with special care.

This year each class presented an assembly for which they received Gah-Tso points, the most outstanding one received a larger number. There were many fine assemblies presented by the numerous departments and clubs.

Into every assembly went hard but pleasure filled work. We at Mesa High shall never forget the many wonderful assemblies that filled our year.

# Grid Heroes

**C**oach Edgar Mutt Ford and his two assistants Dave Gates and Reed Peterson led Mesa to a successful season again this year. Mesa had a record of seven wins, one loss and two ties, while out scoring their opponents 262 to 155.

Jon Chesser led Mesa's all staters by making all three of the teams while Ralph Lewis made first team on two and second on the other. Gary Powers, Ron Peterson, Terry Cassidy, and Eddie Giles all made honorable mention on one or more of the teams.

On the Jackrabbits this year there were twenty-four seniors, twenty-four juniors, and one sophomore. So Mesa will have a nucleus of twenty-five returning lettermen, which should make for another successful season for Mesa High in 1960-61.

**MESA 45—ST. MARYS 24**—Mesa started its season with a victory over St. Marys of Phoenix. The Jackrabbits showed tremendous power in their first game which was featured by the fine play of Ed Giles.

**MESA 26—CATALINA 20**—The Jackrabbits were outplayed in the first half by a surprisingly strong Catalina club. Their comeback was led by junior halfback Jon Chesser.

**MESA 29—CARL HAYDEN 7**—This game was much closer than the score indicates as the Jackrabbits were played on even terms until the last quarter. Gary Powers played, perhaps, his best game of the season on both offense and defense.

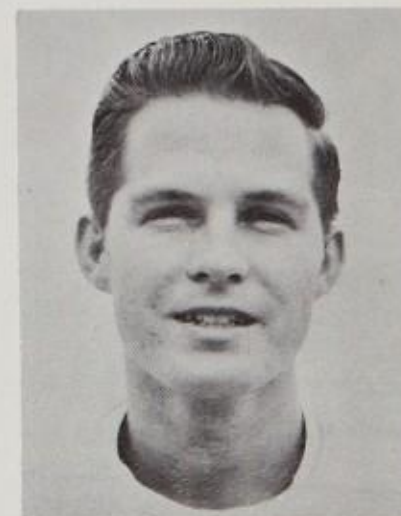

**EDDIE GILES**

**MESA 19—N. PHOENIX 7**—Mesa was surprised in the first half by the Mustangs but came back with a fine second half effort. Ralph Lewis was outstanding for the Jackrabbits.

**MESA 21—PUEBLO 10**—Mesa looked unimpressive in this victory over Pueblo and had to score two second half touchdowns to erase a 7-7 halftime score. Marvin Waite was outstanding on defense for Mesa.

**MESA 35—TEMPE 0**—This was an overall team effort for the Jackrabbits in their last game. Led by Robert Charles who caught two touchdown passes, they completely dominated the game.

# Industrious Gridlings

**T**he Junior Varsity football team, coached this year by Carl Heath and Lee Copeland, had a fair season with five wins and four loses.

Outstanding players for the Jayvees were Andrew Livingston, David LeSueur, Dan Casey, and Tony Burns.

The boys started the season with a bang. They won the first five games, and then they lost the last four games, partly because of several injuries that hampered the team.

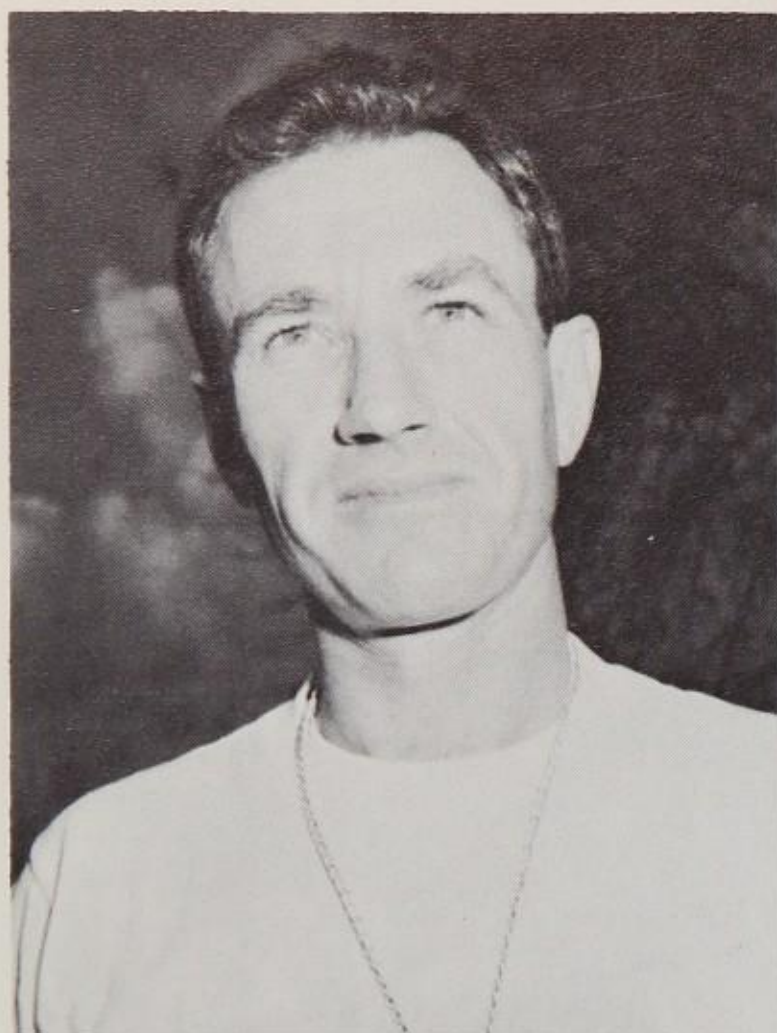

The Jayvees defeated St. Mary's 20-0, Chandler 26-7, Scottsdale 33-0, Catalina 40-19, and South Mountain 31-0. They lost to North Phoenix 45-35, Phoenix Union 13-0, West Phoenix 33-12, and Casa Grande 25-13.

The Rainbow team was coached by Pat Pomeroy and Harry Goodman. Out of eleven games the boys won ten. Outstanding players for the Rainbows were Greg Eagleburger, Lupe Gonzales, Craig Arnett and Howard Denham.

## Our Jumping

Coach Heath's Rabbit cagers closed out their 1960 campaign by upsetting the Flagstaff Eagles 47-45 in the opening round of the state AA tournament, then fell to a hot Rincon five in their second round game.

The Jackrabbits, with only two seniors on the starting five—Ronnie Peterson and Bob Gardner—had an overall record of 8 wins and 14 losses this season.

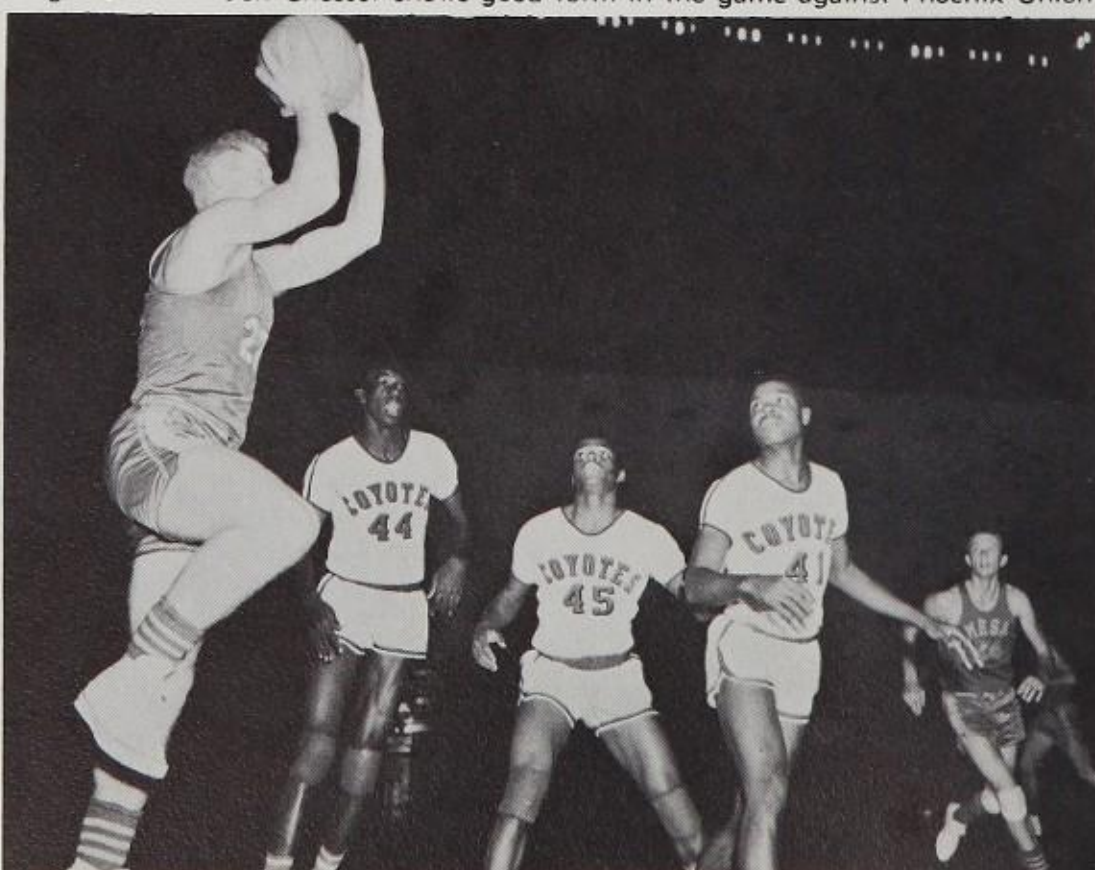

Ernie Grubbs scores with a jump shot in the North Phoenix game.

They won single games from Tempe, Prescott and Flagstaff, broke even in two-game series with West Phoenix, St. Mary's, Scottsdale, Carl Hayden, and South Phoenix. They lost two games each to Camelback, Tuscon, Catalina, and Rincon.

Two of their best efforts were against Scottsdale and Carl Hayden in which games they hit close to 70 percent of their shots. In the Carl Hayden game Bob Gardner

Under the guidance of Carvel Jackson, Mesa High's racketeers have another fine squad as they did in 1959 when the netmen finished with a 16-4 record and copped the division conference championship without losing a match.

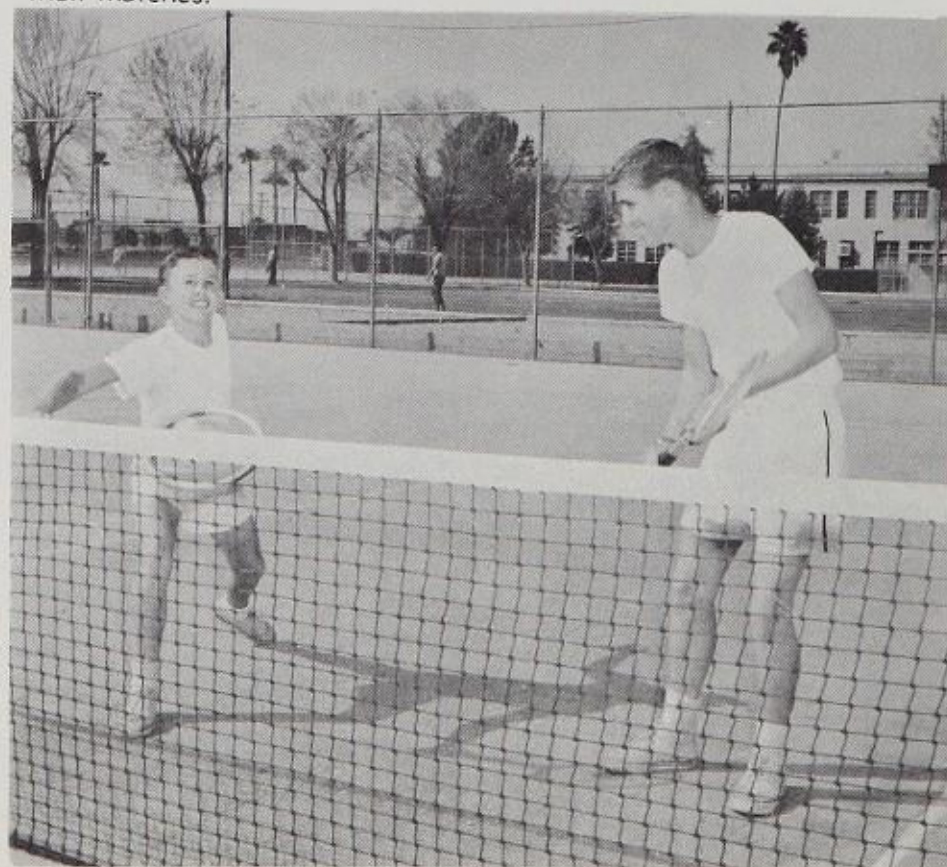

This year's squad has three returning lettermen, Jeff Allred, senior; David Frye, senior; and Tory Lofgreen, junior. In addition there are two sophomores, Dick Allred and Bob Burns.

Mesa is again favored to win the division championship having already beaten the other three schools with ease.

In early season play the girls gained wins over Carl Hayden and Tempe and lost to Phoenix Union and South Mountain.

Coach Barbara Davis will lose four of her veterans by graduation but the team should thrive next year on the six juniors and the one sophomore remaining.

# Social Life

Good night, good night! parting is such sweet sorrow,  
 That I shall say good night till it be morrow.  
 This bud of love, by summer's ripening breath,  
 May prove a beauteous flower when next we meet.  
 The Christmas Formal was truly swell  
 Yes, indeed, I remember it well.  
 The Superstition Ball,  
 'Twas cherry for all.  
 And, of course, the Junior-Senior Prom  
 Will bring back happy thoughts.  
 Years from now when my memories linger,  
 I shall recall nights full of splendor.

The lofty, beautifully decorated Christmas trees help to inspire the Christmas mood for the dreamy dancers.

# Alpine Christmas

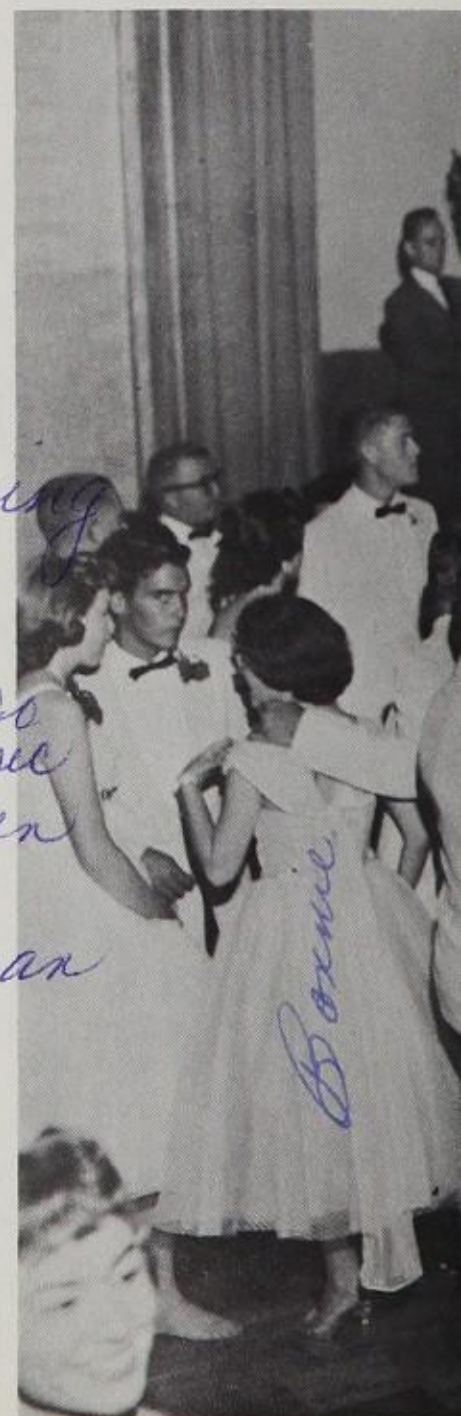

**A**lpine Christmas is an ideal atmosphere for a dreamy evening of dancing, according to the three hundred couples who attended the Boys' League Annual Christmas Formal. Held in the Arizona State University Student Union Ballroom in Tempe, December 21, the dance and decorations were under the supervision of DeWayne Cooley, Boys' League president, and his twelve man council.

A Swiss cottage and pine boughs added to the mountainy feeling while delicious German punch added to the festive holiday mood.

After swinging and swaying to Walt Anthony's beautiful music and spending an evening of "Happy fun and gaiety, carefree dance and jollity", the couples scattered to the valley night spots to top off a perfect evening.

All who attended this merry event will long remember the Christmas formal of 1959 as one of the most pleasant occurrences to take place during their high school years.

*Dear June  
I've really  
appreciated knowing  
you since Ninth  
Grade. I'm  
sure you will go  
far in the music  
world. Have fun  
this summer.

# As A Dream

History tells us that Venus, the goddess of love, surpassed all other goddesses in beauty. She had the power of granting beauty to others. Among plants the myrtle, rose, poppy, apple and other fruits were sacred to her, and among animals the dove, sparrow, ram, hare and tortoise. The chief places of her worship in Greece were the islands of Cyprus and Cythera.

On February 19 at 8:30 p.m., when she wasn't busy granting beauty to others or worshipping on the islands in Greece, she found time to pay a call to the Tri-State Center, in spirit only, to leave "One Touch of Venus" at the Coed formal. Walt Johnson's orchestra provided lovely music for the beautiful ball.

An old Greek setting of stone statues and fountains added a touch of beauty while small cupids cut out of gold paper provided an air of charm. The hard working Girls' League Council, under the leadership of Suzanne Sato, Girls' League president, sponsored this successful event drawing Twirp Week to an end.

Tables with gold paper cupids, serving as center pieces, add a sophisticated, pleasant mood to the Coed formal.

A warm welcome is given by the Girls' League Council to over three-hundred and fifty couples who attended the annual Coed.

Couples dance the evening away to the dreamy music of Walt Johnson's orchestra and "The music in their hearts they bore long after it was heard no more."

Coeds and their dates dance in the romantic atmosphere of "One Touch of Venus."

# Gala Prom

Sheryl Tuttle and Linda Garside, lovely little maids from Italy, entertain all who attended the Prom with a lively Italian street dance.

Members of the Junior Council and the Junior Class presented as a traditional parting gift to the graduating Seniors, the Junior-Senior Prom held at the Mezona on Thursday, April 14.

Walt Johnson's band added to the Italian atmosphere of gondolas, flower carts, and a sidewalk cafe. An entertaining floor show was presented and all had a delightful time.

The theme "Arrivederci" — Italian good-bye — was cleverly carried out and all those who were at the Prom enjoyed a gala evening which they will long remember.

Under the canopy of gay balloons, couples dance to the music of Walt Johnson while enjoying the pleasant Italian atmosphere.

Couples rest and chat while enjoying delicious Italian refreshments.

Between dances at the annual Prom, the juniors and seniors enjoyed pizza and punch served by members of the Gold Key club at a sidewalk cafe.

# When I Hear Sweet Music

All who attended the Dance Club dance on October 30 and rocked to the music of the top forty tunes spun by Ray Curtis regarded this event following the Mesa-Pueblo football game as a howling success.

Mr. Walt Johnson served as "Mr. Music Maker" at the Homecoming dance held on November 13 at the Mezona. Eddie Giles and Marilyn Benbow reigned as king and queen with Karen Ellsworth, Rockne Arnett, Joyce Winterton, and Dennis Lambson as attendants.

Reigning as queen over the Superstition Ball held on November 5 was vivacious Gayle Fuller. "She was our queen, our rose, our star, and she danced—O heaven her dancing!" The swingin' music was provided by Jack Wright and his band. Attending the queen were Ann Harris, Nancy Day, Mary Heiman, and Barbara Brown.

As Suzanne Sato, Girls' League president, placed the crown of leaves upon the head of Eddie Giles, he was named Apollo, "Most Eligible Bachelor," at the Twirp Dance held on February 15 in the boys' gym. Apollo, the young and handsome god, along with the rest of the students, danced to the music of the top forty tunes provided by Ray Curtis.

# Merrily Shall I Live Now

The lovely Garden Room of the San Marcus Hotel in Chandler provided a heavenly atmosphere at the Senior dance held on November 10. All seniors who attended this event and danced to the music of the Cottam Combo will recall it as a most enjoyable part of their senior year. The dance was under the supervision and planning of Eddie Giles, Senior President; Sandra Rushton, Senior Vice President; Nancy Koebcke, Senior Secretary; and the Senior Council.

"Welcome to Hawaii and Alaska from the Forty-Eight," was the theme of the Hello party held on September 11 in the boys' gym. Students danced and got acquainted to the music of Walt Johnson's band. The Hello party, sponsored by the Student Council, is the first social event of the school year. The purpose of this old and much loved tradition is to help the students become better acquainted.

Jack Wright and his band provided music for all who attended this gay occasion after the Mesa-South Mountain football game.

# In Memoriam

To-morrow, and to-morrow, and to-morrow,  
Creeps in this petty pace from day to day  
To the last syllable of recorded time,  
And all our yesterdays have lighted many  
The way to lusty death. Out, out, brief candle!  
Life is eternal, a fair player  
That struts and frets his hour upon the stage  
And then is heard so little more: it is a tale  
Told by a scop, full of sound and fury,  
Signifying much.

**YOUR LOCAL ELECTRIC SYSTEM ...**  
**in the American tradition**

There have been municipal power systems since modern electric service was pioneered by Thomas A. Edison in 1882—and today nearly 2,000 American communities own their electric utilities. § Your publicly owned electric utility was created by local citizens, exercising their right to choose their own form of electric service. Your consumer-owned electric system is managed and controlled by local people... and the benefits of its operations belong to you and the other consumers. § Municipal ownership of electric utilities—with local control over rates and service—has been a part of the American scene for more than three-quarters of a century.

## Epilogue

**F**irst my fear; then my curt'sy; last my speech.  
My fear is, your displeasure; my curt'sy, my  
duty; and my speech, to beg your pardons.  
Now I think I should behave,  
And return these characters to their graves.  
I hope I've not offended you  
In doing things I love to do.  
Our revels now are ended; these our actors,  
As I foretold you, were all spirits, and  
Are melted into air, into thin air:  
We are such stuff  
As dreams are made of, and our little life  
Is rounded with a sleep.  
Now my charms are all o'erthrown,  
And what strength I have's mine own,  
Which is most faint: now, 'tis true,  
I must be here confin'd by you,  
Gentle breath of yours my sails  
Must fill, or else my project fails,  
Which was to please.  
As you from crimes would pardon'd be,  
Let your indulgence set me free.

June,  
This has been a  
wonderful year and  
knowing that I  
made it even  
more so.

I'm very happy  
that you've accomplished  
so much and may you
